You will obtain that understanding that has always eluded you, up until now. You will find many parallels between the Old and New Testaments, which will help bring it all together for you. And you will recognize God's central theme from Genesis through Revelation. The Bible is a training manual for those who have repented of doing things their own way and are ready to do things God's way. For they know or will know from this Bible study that man's ways lead to death (Everything we do on our own cannot last.). But God's ways lead to eternal life. Is your worldview enlightened enough to accommodate both science and God at the same time? Dr. Michael Guillen, a best-selling author, Emmy award-winning journalist and former physics instructor at Harvard, used to be an Atheist—until science changed his mind. Once of the opinion that people of faith are weak, small-minded folks who just don't understand science, Dr. Guillen ultimately concluded that not only does science itself depend on faith, but faith is actually the mightiest power in the universe. In *Believing Is Seeing*, Dr. Guillen recounts the fascinating story of his journey from Atheism to Christianity, citing the latest discoveries in neuroscience, physics, astronomy, and mathematics to pull back the curtain on the mystery of faith as no one ever has. Is it true that "seeing is believing"? Or is it possible that reality can be perceived most clearly with the eyes of faith—and that truth is bigger than proof? Let Dr. Guillen be your guide as he brilliantly argues for a large and enlightened worldview consistent with both God and modern science.
