Soon to be translated into Japanese! The Bisexual Option explores bisexuality, explains the bisexual, and explodes myths surrounding this large "unseen" segment of the population. Now in its second edition, this intriguing book gives an overview of bisexuality. As there is still no book that covers the subject like this one, it is must reading for establishing a contemporary view of bisexuality and those committed to a bisexual lifestyle. Fritz Klein, an experienced psychiatrist and expert in bisexuality and sexual orientation, explains the concept and the variables of sexual orientation and where bisexuality fits. He covers many subjects in the book including: myths of bisexual nonexistence and the "either/or" dilemma intimacy, both emotional and sexual an explanation of bisexuality and the Oedipus Complex definitions and examples of the healthy and troubled bisexual major sociological findings about bisexuality the bisexual in history the bisexual as depicted in the arts factors that will influence bisexuality in the future The book helps readers understand where they fit on the sexual orientation continuum. The Bisexual Option aids in explaining who bisexuals are and why they have problems in heterosexual as well as homosexual societies and shows bisexuals that they are not alone. Even helping professionals will find information on this "invisible" but large segment of the population. A variety of readers will want to read The Bisexual Option including the bisexual community and individual bisexuals, the homosexual communities which include many bisexuals, mental health practitioners, psychologists, both students and professionals, university students, married partners of bisexuals, HIV/AIDS workers who wish to become acquainted with how bisexuality affects the risk to the heterosexual community, sexologists, and researchers.

"The second edition of Gabbard's Textbook of Psychotherapeutic Treatments provides up-to-date information on psychotherapies, including psychodynamic therapies, mentalization-based treatment, transference-focused therapy, cognitive-behavioral therapy, supportive psychotherapy, and interpersonal psychotherapy. The textbook also reflects social changes that have had profound impacts on how therapists practice, including the advancement of LGBTQ rights, calls for racial and social justice, and the COVID-19 pandemic"--

How far have we progressed from the days when showing a film such as Jack Smith 's Flaming Creatures landed the cinema 's programmer, projectionist, and ticket taker in jail? What are some of the hidden clues modern audiences are overlooking in older films that suggest a character 's bisexuality? Which famous actors, actresses, directors, and screenwriters were attracted to people of both sexes? In Bisexual Characters in Film, the first book to focus on the role of bisexual characters in film, you 'll find answers to these questions and many more as you explore, analyze, and celebrate 80 years of bisexual movie characters (and the people who have created them) from around the world. A lively, entertaining, and informative commentary, this book examines the treatment of bisexual film characters and shows you how that treatment has been affected by societal forces such as censorship, politics, religious prejudices, homophobia, and sexual stereotypes. Bisexual Characters in Film looks at the contribution of bisexual people (and others who have had lovers of varying sexes) to the body of work available on film today. These include the directors, writers, actors, composers, and designers whose sexual orientation has informed their work. An analysis of the Motion Picture Production Code and its devastating effect on bisexual and homosexual screen images forms an important part of the book. You learn how, specifically, it eradicated gay, lesbian, and bisexual characters from Hollywood films as well as the role of bisexual, lesbian, and gay filmmakers in finally defeating it. Other questions you 'll find answers to include: Who, or what, is a bisexual? How were bisexual characters represented in silent film, before the forces of censorship banned them from the screen? What bisexual myths and stereotypes are portrayed on film? What is the role of "camp" in bisexual film? Bisexual Characters in Film is a unique resource for researchers; librarians; film festival planners; the queer media; professors and students of lesbian, gay, and bisexual studies; bisexual activists; and general bisexual, gay, lesbian, and transgendered readers. It provides a much-needed view of bisexual representations in a major segment of our popular culture.

The Bisexual Option explores bisexuality, explains the bisexual, and explodes myths surrounding this large "unseen" segment of the population. Now in its second edition, this book gives an overview of bisexuality. The Bisexual Option aids in explaining who bisexuals are and why they have problems in heterosexual as well as homosexual societies and shows bisexuals that they are not alone. Even helping professionals will find information on this "invisible" but large segment of the population.

Gain an in-depth understanding of the unique struggles of the bisexual community! "To me the gay and straight worlds are exactly the same; equally limited, judgmental, and bourgeois... just mirror images of each other. I truly like and overlap with some of the gay world, but my roots refuse to take hold there and grow. Unfortunately, my well-established roots in the straight world are simultaneously shriveling and dying too, leaving me feeling extremely unstable. " — "Cool," a bisexual woman involved in a support group There are at least five million bisexual people in America, generally invisible to straight society, the gay community, and even to each other. While the vast majority of these five million live within the straight or gay world, there are a few who have formed a community of their own. Bi America: Myths, Truths, and Struggles of an Invisible Community offers an inside look at the American bisexual community and gives an understanding of the special circumstances unique to being bisexual. The book takes the reader to bi community events from picnics, to conferences, to support groups, to performances in order to expose the everyday trials of the bisexual community. Bi America includes very personal stories that let the voice of everyday bisexuals be heard through interviews, the "Bisexual History Project," in which ten bisexual people tell their life stories, and the "Online Support Group," a group of about 75 people who meet in cyberspace to talk about their lives and challenges. The book also includes the findings of a 2002 survey of about 300 bisexual people conducted via the Internet, an appendix that offers a concise list of resources for further study and personal enrichment, and an unabridged transcript of the "Bisexual History Project." Get the answers to these questions in Bi America: What is bisexuality? Is there a bisexual community? What is the culture of the bisexual community? What are commonalities and differences between the experiences of bi men and bi women? What is the special relationship between the bisexual and the transgender community? How have bisexuals and the bi community been affected by HIV/AIDS? What is the future of bisexual activism, if any? and many more! Bi America is a fascinating resource that exposes the challenges, struggles, and triumphs of bisexuals in America. Bisexuals, especially those newly coming out, can use this book to help understand their identity, and family members and friends seeking some insight into the unique circumstances faced by their loved ones will also find it helpful. This book will interest those concerned with the sociology of deviance or with subcultures in general. It is also appropriate for undergraduate sociology and cultural anthropology, as well as feminist studies and LGBT studies classes. This book offers one of the few accessible, nonacademic looks at this unique and interesting community. Visit the book's Web site at <http://www.bi101.org>

Drawing on sociology, psychology, history, art, and frank conversations with male and female bisexuals, the author examines the incidence and nature of bisexuality, the attitudes of bisexual persons, and the rewards of bisexuality

Bisexuality: A Critical Reader presents the essential primary texts on bisexuality from the last 100 years in an easy-to-read format. Exploring this often controversial concept from a range of perspectives, this book places bisexuality in its historical and cultural context and explores its many meanings and uses. Merl Storr's introductions give a straightforward overview of the texts included and sets them clearly in the context of debates on bisexuality. This collection includes pieces by: * Henry Havelock Ellis * Sigmund Freud * Alfred C. Kinsey, Wardell B. Pomeroy and Clyde E. Martin * and Hélén Cixous.

Most therapy is set up in a heterosexist context. Explore the issues facing your gay, lesbian, and bisexual clients--and how to deal with them! The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients offers therapists treating lesbian, gay, and bisexual clients innovative, practical interventions plus homework and hands-on activities tailored to these populations. Use the notebook to explore the issues surrounding coming out, homophobia in the workplace, spirituality, identity formation, and issues that require a non-heterosexist approach, such as domestic violence and relationship concerns. Grounded in current theory, each chapter explains the rationale for the activity it proposes, includes contraindications, and provides a list of helpful resources for therapists and clients. Here are just a few of the issues this extraordinary book explores in its four thoughtfully planned sections: Section I: Homework, Handouts, and Activities for Coming Out and Managing Homophobia and Heterosexism addresses: conflicts in self-perceptions obstacles to the growth of a healthy GLB identity dealing with the trauma and anxiety that result from discrimination using semi-hypnotic visualization to treat internalized homophobia helping bisexuals decide whether to come out or to "pass" coping with internalized homophobic messages dealing with heterosexism in the workplace or at school Section II: Homework, Handouts, and Activities for Relationship Issues will help you and your clients understand and work on issues involving: choosing the right partner intimacy and gender roles financial stability assimilation, queer pride, and everything in between how ethnicity and coupling impact sexual identity negotiating a healthy open relationship sexual concerns, sexual dysfunction, and pleasuring sexual role values for bisexual and lesbian women Section III: Homework, Handouts, and Activities for Gender, Ethnic, and Sexual Identity Issues addresses "who am I" issues: sexual orientation and gender identity the intersection of sexual and ethnic identity oppression on multiple fronts gender exploration for lesbians Section IV: Homework, Handouts, and Activities for Specific Issues tackles concepts including: enhancing resilience through spirituality reconciling with religion spiritual wellness and the spiritual autobiography body image disturbances unwanted sexual behavior creating a safety plan in case of same-sex domestic violence alienation and finding a caring community medication adherence for HIV+ clients the difficulties faced by coupled lesbians with children family care planning addiction and recovery healing from the wounds of homophobia relationships with ex-partners managing workplace stress If you're new to treating lesbian, gay, and bisexual clients you 'll find rich material, based in current literature, to guide your work. If you've already worked extensively with LGBT clients, the activities and fresh, innovative strategies in The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients will expand and invigorate your skills.

Looking Queer: Body Image in Lesbian, Bisexual, Gay, and Transgender Communities contains research, firsthand accounts, poetry, theory, and journalistic essays that address and outline the special needs of sexual minorities when dealing with eating disorders and appearance obsession. Looking Queer will give members of these communities hope, insight, and information into body image issues, helping you to accept and to love your body. In addition, scholars, health care professionals, and body image activists will not only learn about queer experiences and identity and how they affect individuals, but will also understand how some of the issues involved affect society as a whole. Dismantling the myth that body image issues affect only heterosexual women, Looking Queer explores body issues based on gender, race, class, age, and disability. Furthermore, this groundbreaking book attests to the struggles, pain, and triumph of queer people in an open and comprehensive manner. More than 60 contributors provide their knowledge and personal experiences in dealing with body image issues exclusive to the gay and transgender communities, including: exploring and breaking down the categories of gender and sexuality that are found in many body image issues finding ways to heal yourself and your community discovering what it means to "look like a dyke" or to "look gay" fearing fat as a sign of femininity determining what race has to do with the gay ideal discussing the stereotyped "double negative" --being a fat lesbian learning strategies of resistance to societal ideals critiquing "the culture of desire" within gay men 's communities that emphasizes looks above everything else Revealing new and complex dimensions to body image issues, Looking Queer not only discusses the struggles and hardships of gay, lesbian, bisexual, and transgendered persons, but looks at the processes that can lead to acceptance of oneself. Written by both men and women, the topics and research in Looking Queer offer insight into the lives of people you can relate to, enabling you to learn from their experiences so you, too, can find joy and happiness in accepting your body.
