The “shocking” and “suspense-packed” bestseller about one teacher’s stand against student violence, and the basis for the Academy Award-nominated film (The New York Times Book Review). After serving his country in World War II, Richard Dadier decides to become an English teacher—and for the sin of wanting to make a difference, he’s hired at North Manual Trades High School.

A tough vocational school in the East Bronx, Manual Trades is home to angry, unruly teenagers exiled from New York City’s regular public schools. On his first day, Dadier endures relentless mockery and ridicule and makes an enemy of the student body by rescuing a female colleague from a vicious attack. His fellow educators are bitter, disillusioned, and too afraid of their pupils to risk turning their backs on them in the classroom. But Dadier refuses to give up without a fight. Over the course of the semester, he tries again and again to break through the wall of hatred and scorn and win his students’ respect. The more he learns about their difficult circumstances, the more convinced he becomes that a good teacher can make a difference in their lives. His idealism will be put to the ultimate test, however, when a long-simmering power struggle with his most intimidating student explodes into a violent schoolroom showdown. The basis for the blockbuster film starring Glenn Ford and Sidney Poitier, Evan Hunter’s The Blackboard Jungle is a brutal, unflinching look at the dark side of American education and an early masterpiece from the author who went on to write the gritty 87th Precinct series as Ed McBain. Drawn from Hunter’s own experiences as a New York City schoolteacher, it is a “nightmarish but authentic” drama that packs a knockout punch (Time).

Evan Hunter’s novels have sold over one hundred million copies. His writing includes screenplays, literary novels, and children’s books, but he is perhaps best known for his hugely successful 87th Precinct series, penned under the pseudonym Ed McBain. The book that launched Hunter into a full-time writing career and onto the bestseller lists was his first major novel, The Blackboard Jungle. Written in 1954, this controversial story cracked down on the public school system and dramatized student violence as no other novel of its time did. Hunter used his own teaching experience to create protagonist Richard Dadier, who lands his first real job as an English teacher at North Manual Trades High School in New York City. Dadier knows the students here will be tough, but nothing has prepared him for the world he enters. Hunter’s popular and groundbreaking novel attracted much attention when it was first published, and it became a top bestseller in 1955. Set against the changing social culture of the 1950s, The Blackboard Jungle is a fascinating time capsule that brilliantly illuminates an issue still in the forefront of our minds.

A glamorous ski resort becomes the setting for unspeakable evil in this “chilling, fascinating novel” by the New York Times–bestselling author of Last Summer (Los Angeles Times). Sandy, David, and Peter met as bored teenagers vacationing with their parents on a small resort island. The horrific crime they committed five years ago bound them together forever, cursing their friendship in blood and setting them on a path toward nihilism and destruction. Now in their early twenties, the glamorous and sophisticated trio has come to an exclusive ski resort just days before Christmas to satisfy their appetite for danger and enjoy the physical company of the only human beings they can still tolerate: one another. But an interloper soon finds her way into their closed circle. Mary Margaret is no gullible innocent. She’s smart and mischievous and appears bent on tearing the friends apart. Will Sandy, Peter, and David keep their sinister ménage-à-trois intact, or have they finally met their match? On the steep and icy slopes of Semanee Peak, a dangerous game of cat and mouse comes to a shattering end. “An unforgettable exploration into the nature of evil.” Come Winter is the chilling sequel to Last Summer and a “brilliant . . . dazzling” portrait of young sociopaths at play (Burlington Free Press).

Traces the author’s turbulent first year working as a teacher of disadvantaged students in the Bronx, describing his difficulties with such challenges as unruly students, absent parents, and a failing administration, obstacles that placed his career choice in question and revealed formidable flaws in the educational system.

Lizzie Borden, America’s most celebrated murderer, comes to vivid life in this riveting and chilling book by acclaimed author Evan Hunter as the portrait of a notorious woman unfolds with shocking clarity. Lizzie Borden took an ax And gave her mother forty whacks. When she saw what she had done She gave her father forty-one. In recreating the events of that fateful day, August 4, 1892, in Fall River, Massachusetts, and the extraordinary circumstances which led up to them, Evan Hunter spins a breathtakingly imaginative tale of an enigmatic spinster whose secret life would eventually force her to the ultimate confrontation with her stepmother and father. Here is Lizzie Borden freed of history and legend—a full-bodied woman of hot blood and passion, fighting against her prim New England upbringing, surrendering to the late-Victorian hedonism of London, Paris and the Riviera, yet fated to live out her meager life in a placid Massachusetts town. Seething with frustration and rage, a prisoner of her appetites, Lizzie Borden finally snapped . . . but how and why she was led into her uncompromising acts is at the heart of this enthralling, suspenseful work of the imagination. Alternating the actual inquest and trial of Lizzie Borden with an account of her head-spinning, seductive trip to Europe, Evan Hunter portrays with a master craftsman’s art the agony of a passionate woman and the depths of a murdering heart.
