Do you know how to keep your children safe in a 24-7, always connected digital society? Sometimes I feel like Chicken Little shouting: "The sky is falling," but then I turn on the news the next morning, and a chunk of the sky falls into my coffee. As your children travel through the digital world they are also going to experience its underbelly; a dark place filled with cyberbullying, sexting, and sexual predation. Most parents believe that they should discuss this issue of digital safety with their children around the time that puberty hits. This is completely incorrect. The discussion about digital safety needs to begin the very first time your child uses a tablet or a smartphone without mom or dad literally sitting right next to them. Children as young as 8 years old are regular consumers of pornography. Middle school students are going to prison as a result of felony sexting. Sexual predators are hanging out in the same games and apps where your children are. Get educated, today. \* Read each chapter's Action Steps and implement them today in your own home. \* Use the Conversation Starters in each chapter to begin a dialogue with children of any age. \* Find out if your child is ready for a cell phone. \* Learn why YouTube is the biggest pornography risk in your home. \* Learn how

at the many different factors that can manifest in trauma, and how parents should respond to them.

Kids deserve a better digital future. Help them create it. When it comes to raising children in a digital world, every parent feels underprepared and overwhelmed. We worry that our children will become addicted to online games, be victims of cyberbullying, or get lost down the rabbit hole of social media. We warn them about all the things they shouldn't do online, but we don't do nearly enough to teach them the skills of digital well-being. It's time to start a new conversation. In *Digital for Good*, EdTech expert Richard Culatta argues that technology can be a powerful tool for learning, solving humanity's toughest problems, and bringing us closer together. He offers a refreshingly positive framework for preparing kids to be successful in a digital world—one that encourages them to use technology proactively and productively—by outlining five qualities every young person should develop in order to become a thriving, contributing digital citizen: Be balanced: understand when and how much tech use is healthy Stay informed: discern between true and false information Be inclusive: treat others with respect and kindness online Be engaged: use tech to strengthen family relationships and community connections Stay alert: exercise caution and create safe digital spaces for others This practical guide will help parents and children discover the path to becoming effective digital citizens, all while making our online world a better place.

Today, we can find an online community to suit almost any interest we may have. And yet these communities carry an element of menace. The anonymity associated with online communities allows particularly vicious interplay, where people can pile on others with virtually zero consequences. Using current examples from the news and connecting this phenomenon to historical incidents like the Salem witch trials, this fascinating resource examines an interesting time in the world and grounds it with practical guidelines for being a responsible member of an online community.

Are You Prepared to Talk with Your Child About...? Discussing difficult topics with kids has never been easy, but in today's world, it's more difficult than ever. Gay marriage, terrorist attacks, pornography, police shootings, and yes, sex, are just some of the complex issues children will encounter in our current culture. When your child asks questions, will you have answers? Tough Stuff Parenting will equip you to have thoughtful, age-appropriate conversations with your child. The biblically-based wisdom and practical tools you'll find inside will help you confidently engage your kid in meaningful dialogue. And when questions arise, your child will look to you first for answers instead of friends or the Internet. Make a lasting connection with your kid by learning how to effectively discuss life's most complicated topics.

thirteen-year-old boy nicknamed "Puck" learns when he follows the Boogeyman through his closet into the realm of Fairy. Puck discovers the Boogeyman is not an evil "boogey" at all, but rather a "boogey hunter" whose duty it is to track and bring home monstrous fairies who have strayed into the Mortal World. As yet unaware of the Boogeyman's true nature, Puck mistakenly frees a shape-shifting changeling from the Boogeyman's lair. Their quest to re-capture the rogue fairy leads Puck and the Boogeyman on a world-hopping chase that ultimately sees both Fairy and the Mortal World embroiled in an all-out war—one that only Puck, the Boogeyman, and their allies can hope to stop. Fans of both RL Stine's Goosebumps and JK Rowling's Harry Potter series will find scares, magic, and adventure aplenty within pages of THE BOOGEYMAN—a monstrous fairytale written by Shane Berryhill, author of Chance Fortune and the Outlaws.

Protect your children from cybercrime, sexting, cyberbullying, phishing, cyberstalking, grooming, nude selfies, and other internet dangers. You can't shield your kids from the risks if you don't know what they are. Kids spend hours online, exploring the best the internet has to offer - but what of the risks? Who are they talking to on social media? How do you educate them about their digital footprint and protect them from trolls, bullies, frenemies, and stalkers? They may be tech-savvy, but they are not worldly-wise, so can you set ground rules? If they see you as a digital dinosaur, how do you encourage them to come to you if they are in trouble, and what action should you take to prevent, minimize, or resolve the

damage? Packed with real-life scenarios, practical advice, and action plans in non-techspeak, Parent Alert! is your go-to guide for one of the greatest dangers facing children today. Celebrity best friends and concerned moms Nadia Sawalha and Kaye Adams ask the questions and international security expert Will Geddes provides the no-nonsense answers. Learn best-practice cybersecurity on social media accounts; what signals might indicate that your child is falling prey to online grooming, bullying, or extortion; and how you can protect your kids from danger without being critical of them or setting unrealistic restrictions.

Jim is a Scottish boogie piano man who has left his northern homeland to play music in southern Spain. He's utterly hopeless at DIY, so this is not your typical 'new life abroad' book where the author rebuilds a ruin with his bare hands. Jim's hands are only useful only for playing piano and "the odd bit of sensual massage..". Jim came to Spain to say "Yes" to every chance to play music of every kind. If you've ever wondered what it's like playing piano with an opera singer in prison, or being stalked by a washboard player, now's your chance to find out. Add a violin-playing Elvis, a stretch Shirley Bassey, a jazz funeral, the most confusing Christmas carol service in Spain, and a teetotal Scottish ceilidh. Then there's Jim's hilarious account of possibly the most unromantic Valentine's night in history. Apart from music, Jim's other main interests are making chutney and collecting spatulas! But the real hero of this book is Jim's rescue cat Sammy, who has turned his house into a Tom & Jerry film. 'Stuff happens' to the boogiemans. This really is

quite unlike any other book you've ever read about Spain, music, cats and Safety spatulas.

A young man is found murdered, his bones crushed nearly to dust before his body was dumped into New York's East River In New York there are hundreds of murders a year, but this one is different. Somebody is sending a message. And shockingly, the victim has ties to my brother, Stephen Gaines, recently murdered by an elusive drug lord known only as the Fury. For years this kingpin has been shrouded in darkness. Stephen was executed just as he was about to shed some light. Working alongside my mentor, Jack O'Donnell, I'm going to find the truth behind this blood-soaked curtain. But the more we reveal, the more we realize just how dark the Fury's plans are. And that no matter how brutal the violence has been, we haven't seen anything yet....
