This CD set shows what a tight band the Brecker Brothers were. All the tracks are stunning and very well recorded with excellent sound quality. The highlight for me, naturally, was an extended (18:41) 'Funky Sea, Funky Dew' where Michael Brecker really lets rip with a wild solo but this is closely followed by a very tight 'Inside Out'.

The epitome of cool, the Brecker Brothers were one of best-selling jazz fusion outfits of the mid-'70s to the early '80s. Randy Brecker (trumpet/flügelhorn) and Michael Brecker (tenor sax) were ubiquitous session players and also members of the New York band Dreams. By the mid-'70s, they started recording under their own name. Their subsequent albums, *The Brecker Brothers*, *Don't Stop the Music* ...

After John Coltrane, there was no more revered and profoundly influential saxophonist on the planet than Michael Brecker. For those coming of age in the 1970s, during that transitional decade when the boundaries between rock and jazz had begun to blur, Brecker stood as a transcendent figure. He was their Trane. Ode to a Tenor Titan follows Michael's story from growing up in Philadelphia, finding his tenor sax voice during his brief stint at Indiana University, making his move to New York City in 1969 and taking the Big Apple by storm through the sheer power of his monstrous chops on the instrument. A commanding voice in jazz for four decades, Brecker possessed peerless technique (a byproduct of his

remarkable work ethic and relentless woodshedding) and an uncanny ability to fit into every musical situation he encountered, whether it was as a ubiquitous studio musician (more than nine hundred sessions) for such pop stars as Paul Simon, James Taylor, Bruce Springsteen, Todd Rundgren, Chaka Khan, and Steely Dan; playing with seminal fusion bands like Dreams, Billy Cobham, and the Brecker Brothers; or collaborating with the likes of Frank Zappa, Charles Mingus, Pat Metheny, and Herbie Hancock. But his biggest triumphs came as a bandleader during the last twenty years of his career, when he produced some of the most challenging, inspired, and visionary modern jazz recordings of his time. A preternaturally gifted player whose facility seemed almost superhuman, he was also modest to a fault and universally beloved by fellow musicians. After coming through a dark decade of heroin addiction, he turned his life around and became a beacon for countless others to lead clean and sober lives. At the peak of his powers, he was struck down by a rare preleukemic blood disease that sidelined him for two and a half years. He got off a sick bed to make a heroic comeback with his swan song, Pilgrimage, which Pat Metheny called "one of the great codas in modern music history" and which earned him a posthumous Grammy Award in 2007. Michael Brecker was a player of tremendous heart and conviction as well a person of rare humility and kindness, and his story is one for the ages.

Brilliant trumpeter Randy Brecker, a Grammy(R) Award-winning composer, arranger, and leader of his own jazz groups, has shaped the sound of jazz for more than three decades. His trumpet and flugelhorn have graced hundreds of albums by a wide range of artists such as George Benson, David Sanborn, James Taylor, Bruce Springsteen, and Chaka Khan. For this book, Randy has selected 12 of his jazz works to teach his techniques for improvisation and composition. Included in the Performing Artist Master Class CD are instrumental demonstrations performed by Randy, excerpts of his transcribed solo recordings, and an in-depth discussion on the following topics: rhythmic improvisation, soloistic tension, time and technique, live vs. studio recordings, composition techniques, the flugelhorn, interacting with the drummer, double time ballad style, Brazilian influences, and chromatic techniques. The Music of Randy Brecker features: 12 condensed score lead sheets in concert key, 13 transcribed solos in B-flat, Performing Artist Master Class CD, and a discography/biography.
