"The Encyclopedia of Juvenile Delinquency and Justice is a compendium of more than 300 contributions written by leading scholars from the fields of criminal justice, justice sciences, social work, and sociology. It covers the latest research, policies, and practices regarding young offenders, the processing of juveniles within the court system, and various approaches to treating and eliminating juvenile crime. The origins and evolution of the juvenile justice system, the leading theories and major theorists in the field, and the empirical support for theories and policies designed to reduce delinquency are all discussed in depth. Organized thematically, the Encyclopedia is arranged by three key sections. The first section focuses on juvenile delinquents and delinquency, specifically the causes, correlates, and experiences of at-risk youth. The second section provides a comprehensive review of the system

The Cycle of Juvenile Justice takes a historical look at juvenile justice policies in the United States. Tracing a pattern of policies over the past 200 years, the book reveals cycles of reforms advocating either lenient treatment or harsh punishments for juvenile delinquents. Bernard and Kurlychek see this cycle as driven by several unchanging ideas that force us to repeat, rather than learn from, our history. This timely new edition provides a substantial update from the original, incorporating the vast policy changes from the 1990s to the present, and placing these changes in their broader historical context and their place within the cycle of juvenile justice. The authors provide a provocative and honest assessment of juvenile justice in the 21st century, arguing that no

This text aims to inform students about the latest research and the most promising and effective programs and provides a wealth of information for understanding, preventing and controlling juvenile delinquency. The history of current juvenile justice system policies and practices is examined, including the juvenile violence ?epidemic.? Key myths about juvenile violence and the ability of the juvenile justice system to handle modern-day juvenile delinquents are discussed in depth. Developmental theories of juvenile delinquency are applied to understanding how juvenile offender careers evolve. Effective prevention and rehabilitation programs and what does not work are reviewed. And finally, a comprehensive framework for building a continuum of effective programs is presented. This book is intended as a supplementary

text for undergraduate and graduate courses in juvenile delinquency, juvenile justice, and violent offender intervention courses. It is also essential reading for juvenile justice and social services research and development specialists.

"Comprising over 500 entries on the essential topics and informed by the latest theory and research, this innovative reference resource offers a state-of-the-art survey of the fields of criminology and criminal justice. It combines this breadth of coverage with the authority and international perspective of an experienced editorial team, creating a definitive reference resource for students, scholars, and professionals."--Publisher's description.

Juvenile Justice: Redeeming Our Children debunks myths about

Access Free The Encyclopedia Of Juvenile Delinquency And Justice The Wiley Series

juvenile justice in order to achieve an ideal system that would protect vulnerable children and help build safer communities.

Author Barry Krisberg assembles broad and up-to-date research, statistical data, and theories on the U.S. juvenile justice system to encourage effective responses to youth crime. This text gives a historical context to the ongoing quest for the juvenile justice ideal and examines how the current system of laws, policies, and practices came into place.
