"Complex and challenging... push[es] the boundaries of writing about trauma." --The New York Times "A True Crime Masterpiece" - Vogue Entertainment Weekly "Must" List and Best Books of the Year So Far Real Simple's Best New Books Guardian Best Book of the Year Lambda Literary Award Winner Chautauqua Frise Winner "The Fact of a Body is one of the best books I've read this year. It's just astounding." - Paula Hawkins, author of Into the Water and The Girl on the Train "This book is a marvel. The Fact of a Body is equal parts gripping and haunting and will leave you questioning whether any one story can hold the full truth." - Celeste Ng, author of the New York Times bestselling Everything I Never Told You and Little Fires Everywhere Before Alex Marzano-Lesnevich begins a summer job at a law firm in Louisiana, working to help defend men accused of murder, they think their position is clear. The child of two lawyers, they are staunchly anti-death penalty. But the moment convicted murderer Ricky Langley's face flashes on the screen as they review old tapes—the moment they hear him speak of his crimes -- they are overcome with the feeling of wanting him to die. Shocked by their reaction, they dig deeper and deeper into the case. Despite their vastly different circumstances, something in his story is unsettlingly, uncannily familiar. Crime, even the darkest and most unsayable acts, can happen to any one of us. As Alex pores over the facts of the murder, they find themself thrust into the complicated narrative of Ricky's childhood. And by examining the details of Ricky's case, they are forced to face their own story, to unearth long-buried family secrets, and reckon with a past that colors their view of Ricky's crime. But another surprise awaits: They weren't the only one who saw their life in Ricky's. An intellectual and emotional thriller that is also a different kind of murder mystery, THE FACT OF A BODY is a book not only about how the story of one crime was constructed -- but about how we grapple with our own personal histories. Along the way it tackles questions about the nature of forgiveness, and if a single narrative can ever really contain something as definitive as the truth. This groundbreaking, heart-stopping work, ten years in the making, shows how the law is more personal than we would like to believe -- and the truth more complicated, and powerful, than we could ever imagine.

A young law student, an unspeakable crime, and a past that refuses to stay buried.

'Part memoir, part true crime, wholly brilliant.' - Paula Hawkins, author of The Girl on the Train. When law student Alexandria Marzano-Lesnevich is asked to work on a death-row hearing for convicted murderer and child molester Ricky Langley, she finds herself thrust into the tangled story of his childhood. As she digs deeper and deeper into the case she realizes that, despite their vastly different circumstances, something in his story is unsettlingly, uncannily familiar. The Fact of a Body is both an enthralling memoir and a groundbreaking, heart-stopping investigation into how the law is personal, composed of individual stories, and proof that arriving at the truth is more complicated, and powerful, than we could ever imagine.

Having "the talk" can sometimes be an awkward experience for both parent and child. Even so, I didn't want to wait until my children's hormones kicked in, and I didn't want to be caught off guard when they had questions, but most of all, I didn't want them growing up with misconceptions concerning sex. I wanted my children to be informed about the facts of life, yet without being too sexually explicit in the process, because some of the facts weren't good such as pornography, diseases, and predators, but these subjects needed to be addressed as well. As a result, I told them what I have written in Your Special Gift, by using the analogy of a gift, a lock, and a key to define commonly used sexual terms, and to caution them about possible consequences, and to warn them of potential predators. I also used Scripture as the basis of defining true love. The simplicity of the gift analogy opens the door of communication between parent and child in an effective straightforward, and yet sensitive way, so that any question concerning sex can be answered by using this method. Your Special Gift is well-suited for children in the 8-to-12 year-old range.
