The Fear: The Last Days of Robert Mugabe by Peter Godwin ...
Rushwaya was arrested last week at the Robert Mugabe International Airport while trying to smuggle 6 kilogrammes of the precious mineral to Dubai.

In 2008, memoirist and journalist Peter Godwin secretly returned to his native Zimbabwe after its notoriously tyrannical leader, Robert Mugabe, lost an election. The decision was severely risky--foreign journalists had been banned to prevent the world from seeing a corrupt leader's refusal to cede power. Zimbabweans have named this period, simply, The Fear. Godwin bears witness to the torture bases, the burning villages, the opposition leaders in hiding, the last white farmers, and the churchmen and diplomats putting their own lives on the line to stop the carnage. Told with a brilliant eye for detail, THE FEAR is a stunning personal account of a people laid waste by a despot and, armed with nothing but a desire to be free, their astonishing courage and resilience.

Journalist Peter Godwin has covered wars. As a soldier, he's fought them. But nothing prepared him for the surreal mix of desperation and hope he encountered when he returned to Zimbabwe, his broken homeland. Godwin arrived as Robert Mugabe, the country's dictator for 30 years, has finally lost an election. Mugabe's tenure has left Zimbabwe with the world's highest rate of inflation and the shortest life span. Instead of conceding power, Mugabe launched a brutal campaign of terror against his own citizens. With foreign correspondents banned, and he himself there illegally, Godwin was one of the few observers to bear witness to this period the locals call The Fear. He saw torture bases and the burning villages but was most awed as an observer of not only simple acts of kindness but also churchmen and diplomats putting their own lives on the line to try to stop the carnage. The Fear is a book about the astonishing courage and resilience of a people, armed with nothing but a desire to be free, who challenged a violent dictatorship. It is also the deeply personal and ultimately uplifting story of a man trying to make sense of the country he can't recognize as home.

'The most powerful indictment of Mugabe's regime yet written' The Economist 'A brave, sensitive and observant account of Zimbabwe's tragedy, exposing the cruelty of Mugabe's regime and the remarkable courage of those who have defied it' Financial Times In mid-2008, after thirty years of increasingly tyrannical rule, Robert Mugabe lost an election. Instead of conceding defeat, his supporters launched a brutal campaign of terror – Zimbabweans called it, simply, The Fear. Peter Godwin travels, at considerable risk, to see the havoc raging at the heart of his country, but what emerges from the brutality are the heartbreaking tales of resistance and survival, the astonishing moments of humour and goodwill, and the unforgettable characters who will not be subdued. 'A beautifully written chronicle of his journey through his ravaged but still achingly beautiful homeland' Independent 'An important book detailing the violent realities, the grotesque injustices, the hunger, the sadness, and a portrait of Mugabe, the tyrant who is the cause of it all' Paul Theroux

After his father's heart attack in 1984, Peter Godwin began a series of pilgrimages back to Zimbabwe, the land of his birth, from Manhattan, where he now lives. On these frequent visits to check on his elderly parents, he bore witness to Zimbabwe's dramatic spiral downwards into the jaws of violent chaos, presided over by an increasingly enraged dictator. And yet long after their comfortable lifestyle had been shattered and millions were fleeing, his parents refuse to leave, steadfast in their allegiance to the failed state that has been their adopted home for 50 years. Then Godwin discovered a shocking family secret that helped explain their loyalty. Africa was his father's sanctuary from another identity, another world. When a Crocodile Eats the Sun is a stirring memoir of the disintegration of a family set against the collapse of a country. But it is also a vivid portrait of the profound strength of the human spirit and the enduring power of love.

In this remarkable look inside Mugabe's isolated yet restive Zimbabwe, journalist Godwin and his sister, Georgina, return to their childhood home and tour the economically devastated and state-terrorized cities, farms, and diamond mines at considerable personal risk, gathering candid interviews with dispossessed farmers, marginalized elites, and former insiders to cast a light on the workings of Mugabe's dictatorship and psychology, and the "fear factor" crucial to his control.

Arguably, one of the most polarising figures in modern times has been Robert Gabriel Mugabe, the former President of the Republic of Zimbabwe. The mere mentioning of his name raises a lot of debate and often times vicious, if not irreconcilable differences, both in Zimbabwe and beyond. In an article titled: 'Lessons of Zimbabwe', Mahmood Mamdani succinctly captures the polarity thus: 'It is hard to think of a figure more reviled in the West than Robert Mugabe… and his land reform measures, however harsh, have won him considerable popularity, not just in Zimbabwe but throughout southern Africa.' This, together with his recent 'stylised' ouster, speaks volumes to his conflicted legacy. The divided opinion on Mugabe's legacy can broadly be represented, first, by those who consider him as a champion of African liberation, a Pan-Africanist, an unmatched revolutionary and an avid anti-imperialist who, literally, 'spoke the truth' to Western imperialists. On the other end of the spectrum are those who – seemingly paying scant regard to the predicament of millions of black Zimbabweans brutally dispossessed of their land and human dignity since the Rhodesian days – have differentially characterised Mugabe as a rabid black fascist, an anti-white racist, an oppressor, and a dictator. Drawing on all these opinions and characterisations, the chapters ensconced in this volume critically reflect on the personality, leadership style and contributions of Robert Mugabe during his time in office, from 1980 to November 2017. The volume is timely in view of the current contested transition in Zimbabwe, and with regard to the ongoing consultations on the Land Question in neighbouring South Africa. It is a handy and richly documented text for students and practitioners in political science, African studies, economics, policy studies, development studies, and global studies.

Since President Mugabe began his violent land-seizure programme in 2000, thousands of white farmers and their families have been forced to abandon all they own and flee Zimbabwe. But Ben Freeth, and his father-in-law, farmer Mike Campbell, who had owned and worked the land of their home for over 30 years, were determined to take a stand. They fought a desperate battle against Mugabe through the international courts; it was a fight that almost cost them everything. Mugabe and the White African is a first-hand account of the madness that engulfed Zimbabwe, where Mugabe's men destroyed farmland, stole equipment, slaughtered animals, burnt down houses, intimidated the workers, and beat or murdered the farmers. It is a heartbreaking story of trauma and tragedy, and a tale of courage, as one family, driven by a deep sense of justice and strong Christian principles, risked everything to fight for their home and their country.

Robert Mugabe came to power in Zimbabwe in 1980 after a long civil war in Rhodesia. The white minority government had become an international outcast in refusing to give in to the inevitability of black majority rule. Finally the defiant white prime minister Ian Smith was forced to step down and Mugabe was elected president. Initially he promised reconciliation between white and blacks, encouraged Zimbabwe's economic and social development, and was admired throughout the world as one of the leaders of the emerging nations and as a model for a transition from colonial leadership. But as Martin Meredith shows in this history of Mugabe's rule, Mugabe from the beginning was sacrificing his purported ideals—and Zimbabwe's potential—to the goal of extending and cementing his autocratic leadership. Over time, Mugabe has become ever more dictatorial, and seemingly less and less interested in the welfare of his people, treating Zimbabwe's wealth and resources as spoils of war for his inner circle. In recent years he has unleashed a reign of terror and corruption in his country. Like the Congo, Angola, Rwanda, Sierra Leone and Liberia, Zimbabwe has been on a steady slide to disaster. Now for the first time the whole story is told in detail by an expert. It is a riveting and tragic political story, a morality tale, and an essential text for understanding today's Africa.

A remarkable literary debut--shortlisted for the Man Booker Prize! The unflinching and powerful story of a young girl's journey out of Zimbabwe and to America. Darling is only ten years old, and yet she must navigate a fragile and violent world. In Zimbabwe, Darling and her friends steal guavas, try to get the baby out of young Chipo's belly, and grasp at memories of Before. Before their homes were destroyed by paramilitary policemen, before the school closed, before the fathers left for dangerous jobs abroad. But Darling has a chance to escape: she has an aunt in America. She travels to this new land in search of America's famous abundance only to find that her options as an immigrant are perilously few. NoViolet Bulawayo's debut calls to mind the great storytellers of displacement and arrival who have come before her--from Junot Diaz to Zadie Smith to J.M. Coetzee--while she tells a vivid, raw story all her own.

This book is a philosopher's view into the chaotic postcolony of Zimbabwe, delving into Robert Mugabe's Will to Power. The Will to Power refers to a spirited desire for power and overwhelming fear of powerlessness that Mugabe artfully concealed behind performances of invincibility. Nietzsche's philosophical concept of the Will to Power is interpreted and expanded in this book to explain how a tyrant is produced and enabled, and how he performs his tyranny. Achille Mbembe's novel concept of the African postcolony is mobilised to locate Zimbabwe under Mugabe as a domain of the madness of power. The book describes Mugabe's development from a vulnerable youth who was intoxicated with delusions of divine commission to a monstrous tyrant of the postcolony who mistook himself for a political messiah. This account exposes how post-political euphoria about independence from colonialism and the heroism of one leader can easily lead to the degeneration of leadership. However, this book is as much about bad leadership as it is about bad followership. Away from Eurocentric stereotypes where tyranny is isolated to African despots, this book shows how Mugabe is part of an extended family of tyrants of the world. He fought settler colonialism but failed to avoid being infected by it, and eventually became a native coloniser to his own people. The book concludes that Zimbabwe faces not only a simple struggle for democracy and human rights, but a Himalayan struggle for liberation from genocidal native colonialism that endures even after Robert Mugabe's dethronement and death.
