"Crazy Sunday" is a short story by F. Scott Fitzgerald originally published in the October 1932 issue of "American Mercury".

A collection of "commercial short stories F. Scott Fitzgerald published before he began to work on what would become his great American novel, The Great Gatsby."--Back cover.

A baby blanket anticipates the arrival of a new baby girl. As they grow older together, they both learn the value of a secure friendship. Written by educator Pauline Hawkins and illustrated by award winning watercolor artist Lorraine Watry.

Set in the Jazz Age on Long Island, the novel depicts narrator Nick Carraway's interactions with mysterious millionaire Jay Gatsby and Gatsby's obsession to reunite with his former lover, Daisy Buchanan. Gatsby continues to attract popular and scholarly attention. The novel was most recently adapted to film in 2013 by director Baz Luhrmann, while modern scholars emphasize the novel's treatment of social class, inherited wealth compared to those who are self-made, race, environmentalism, and its cynical attitude towards the American dream. As with other works by Fitzgerald, criticisms include allegations of antisemitism. The Great Gatsby is widely considered to be a literary masterwork and a contender for the title of the Great American Novel.

With New Historical Introduction for the Classroom The novel that helped define an era. The Great Gatsby is considered F. Scott Fitzgerald's magnum opus, exploring themes of decadence, idealism, social stigmas, patriarchal norms, and the deleterious effects of unencumbered wealth in capitalistic society, set against the backdrop of the Jazz Age and the Roaring Twenties. At its heart, it's a cautionary tale, a revealing look into the darker side to the American Dream. "When I came back from the East last autumn I felt that I wanted the world to be in uniform and at a sort of moral attention forever; I wanted no more riotous excursions with privileged glimpses into the human heart. Only Gatsby, the man who gives his name to this book, was exempt from my reaction-Gatsby who represented everything for which I have an unaffected scorn. If personality is an unbroken series of successful gestures, then there was something gorgeous about him, some heightened sensitivity to the promises of life, as if he were related to one of those intricate machines that register earthquakes ten thousand miles away. This responsiveness had nothing to do with that flabby impressionability which is dignified under the name of the "creative temperament"-it was an extraordinary gift for hope, a romantic readiness such as I have never found in any other person and which it is not likely I shall ever find again. No-Gatsby turned out all right at the end; it is what preyed on Gatsby, what foul dust floated in the wake of his dreams that temporarily closed out my interest in the abortive sorrows and short-winded elations of men..."
