Now, sisters, this is not King Harold ' s story. That one you already know. My tale follows the fortunes of the woman whom Harold loved, and who passionately loved him back; his handfasted wife, Edith, she of the elegant swan ' s neck. But let us call her Elditha, for in this story there is a second Edith, and names can confuse.

Ten years had passed since they joined hands at the high altar of the old abbey church, ten years since they were handfasted, engaged to be married. It had been ten years in which Katherine had finished college, completed med school, and become a doctor. For ten years they had not seen each other, had not spoken, and had not written. It was what they had agreed. " I'll find you, " Steven had told her. " In ten years, when we have finished school, when we are able to marry, I'll find you. Whenever you see a yellow rose, remember me - remember I love you. " For a decade, she had been waiting, hoping, and praying. Today, on her birthday, a vase of yellow roses was waiting when she arrived home. Although the action occurs primarily in New York City, psychologically, the story is set in a small town in Virginia. Change came slowly to the rural South in the nineteen-seventies, and attitudes toward women were most resistant to change. Women were expected to be subservient to men, to have children, to keep house. A woman was to be above reproach, and any hint of scandal was met with censure, with ostracism, with shame. These attitudes threaten to destroy Katherine and her chance for the life for which she yearns. The Handfasting is a story of love: love renewed, a suitor spurned, a vicious attack, and a struggle for healing.

True history and legend combine in a remarkable story of majesty, duty, and an indomitable

love that survived the thunder and blood of eleventh-century Britain. Normans and Saxons fight and die for control of the destiny of a future empire, and Harold of Wessex--second son of one of the sundered nation's most powerful noble families--is thrust into the vortex of a battle royal for the English throne. To wear the crown, however, he must forsake his peaceful life with his adored, hand-fasted wife, Lady Edith of Nazeing, the only woman he will ever truly love. But throughout his reluctant ascendance to supreme leadership of an embattled kingdom--and the concurrent rise of old-friend-turned-adversary William of Normandy, soon to be called "the Conqueror"--Harold will not betray his heart or his lady, though war be their legacy and tragedy their fate. From critically acclaimed, award-winning storyteller Parke Godwin comes an enduring tale of a nobility and a love that changed history--a magnificent epic that surely ranks among the great romantic adventures of all time.

Jane Lambert, the quick-witted and alluring daughter of a silk merchant, is twenty-two and still unmarried. When Jane ' s father finally finds her a match, she ' s married off to the dull, older silk merchant William Shore. Marriage doesn ' t stop Jane from flirtation, however, and when the king ' s chamberlain, Will Hastings, comes to her husband ' s shop, Will knows King Edward will find her irresistible. Edward IV has everything: power, majestic bearing, superior military leadership, a sensual nature, and charisma. And with Jane as his mistress, he also finds true happiness. But when his hedonistic tendencies get in the way of being the strong leader England needs, his life, as well as those of Jane and Will Hastings, hangs in the balance. Jane must rely on her talents to survive as the new monarch, Richard III, bent on reforming his brother ' s licentious court, ascends the throne. This dramatic tale has been an
