Award-winning photography/design team Harold and Phyllis Davis are back with a brand new volume in their new Photoshop Darkroom series. Picking up where their best-selling first book left off, *The Photoshop Darkroom 2: Advanced Digital Post-Processing* will show you everything you need to know to take your digital imaging skills to the next level. Great photographers know that the best images begin well before the shutter clicks, and certainly well before Photoshop boots up. Harold takes a step back, and shares his helpful tips for capturing the most compelling images possible by keeping in mind what type of post-processing you'll do before you start shooting. You'll also find complete coverage of important topics such as compositing, working with layers, and HDR. Packed with tons of eye-popping images which have won Harold national acclaim, this is a fantastic resource for photographers who want to think outside the box and create truly stunning artwork.

#1 New Release in Performing Arts & Personal Success — Find Your Creative Artist Within Creative conversations from some of the world's top photographers, filmmakers, Grammy award winners, TED presenters, actors, CEOs and more! Time for a new mindset. Many of us think of creativity as something distant and incompatible with daily life—a skill that artists get to use, but not the rest of us. Maybe you feel like a land-locked surfer, yearning for exhilarating rides. Or maybe you live for the few hours a week when you can take photographs, paint, or write. It ' s time for a new mindset. *Create* shows you how to rediscover the artist within you. Live a more creative life. People who make a living in the creative arts know that there is a cycle to unlocking the imagination. Visualize, know your tools, work your craft, refine, share. When you tap into this cycle, you ' ll find ways to operate at your highest state in all aspects of life. Find your creative purpose. Overcoming the barriers to innovation is easier than you think. Marc Silber, best selling author, award-winning creative and educator, shows you how to avoid the traps of procrastination, overthinking, and self-doubt. The exercises in *Create* are specifically designed to help you find certainty and confidence in self-expression. Learn how to: Master the techniques of visualization Draw inspiration from the world around you Collaborate with people who can further your vision Share with others to spread the joy If you enjoyed motivational books like *The Creative Habit: Learn It and Use It for Life*, *Steal Like an Artist: 10 Things Nobody Told You About Being Creative*, *Big Magic: Creative Living Beyond Fear*, and Julia Cameron ' s *The Artist ' s Way: 25th Anniversary Edition*, you ' ll love *Create*.

Housing, health, education, employment and crime-fighting agencies now routinely work in partnership to revitalize run-down neighbourhoods. Regeneration is about people, not just bricks and mortar. But what about their cultural well-being, their ability to express themselves and engage their creative instincts? Is community arts the one missing ingredient?

A workbook full of hints and tips for finding inspiration for printmaking and art projects.

"Examining the themes of presence and absence, the relationship between photography and theatre, history and death, these 'reflections on photography' begin as an investigation into the nature of photographs. Then, as Barthes contemplates a photograph of his mother as a child, the book becomes an exposition of his own mind."--Alibris.
