~~The Leopard: Harry Hole 8: Nesbo, Jo, Bartlett, Don ...~~

The Leopard is a crime novel by Norwegian novelist, Jo Nesbø. Its Norwegian title is Panserhjerte, which does not directly translate to The Leopard; it rather means something along the lines of "armoured heart". Moreover, "leopard" refers to the stealthy tread of the killer in the book, while "armoured heart" is what Harry Hole himself gains by his experiences. Panserhjerte is also a Norwegian term for Constrictive pericarditis. The Leopard is the eighth novel featuring Nesbø's crime ...

His first crime novel featuring Harry Hole was published in Norway in 1997 and was an instant hit, winning the Glass Key Award for best Nordic crime novel (an accolade shared with Peter Høeg, Henning Mankell and Karin Fossum). The Leopard is the sixth of Nesbø's novels to be translated into English.

~~The Leopard — Jo Nesbo — Google Books~~

young woman is murdered in her Oslo flat. One finger has been severed from her left hand, and behind her eyelid is secreted a tiny red diamond in the shape of a five-pointed star – a pentagram, the devil's star. Detective Harry Hole is assigned to the case with his long-time adversary Tom Waaler and initially wants no part in it.

Inspector Harry Hole returns from Hong Kong hot on the trail of a serial killer in this installment of Jo Nesbø's New York Times bestselling series. Inspector Harry Hole has retreated to Hong Kong, escaping the trauma of his last case in squalid opium dens, when two young women are found dead in Oslo, both drowned in their own blood. Media coverage quickly reaches a fever pitch. There are no clues, the police investigation is stalled, and Harry—the one man who might be able to help—can't be found. After he returns to Oslo, the killer strikes again, Harry's instincts take over, and nothing can keep him from the investigation, though there is little to go on. Worse, he will soon come to understand that he is dealing with a psychopath who will put him to the

test, both professionally and personally, as never before.

Brilliant, audaciously rogue police officer, Harry Hole from *The Snowman* and *The Thirst*, is back and in the throes of a new, unanticipated rage—once again hunting the murderer who has haunted his entire career. Harry Hole is not in a good place. Raket—the only woman he's ever loved—has ended it with him, permanently. He's been given a chance for a new start with the Oslo Police but it's in the cold case office, when what he really wants is to be investigating cases he suspects have ties to Svein Finne, the serial rapist and murderer who Harry helped put behind bars. And now, Finne is free after a decade-plus in prison—free, and Harry is certain, unreformed and ready to take up where he left off. But things will get worse. When Harry wakes up the morning after a blackout, drunken night with blood that's clearly not his own on his hands, it's only the very beginning of what will be a waking nightmare the likes of which even he could never have imagined.

Inspector Harry Hole tracks a Norwegian serial killer in this installment of Jo Nesbø's New York Times bestselling series. One night, after the first snowfall of the year, a boy named Jonas wakes up and discovers that his mother has disappeared. Only one trace of her remains: a pink scarf, his Christmas gift to her, now worn by the snowman that inexplicably appeared in their yard earlier that day. Inspector Harry Hole suspects a link between the missing woman and a suspicious letter he's received. The case deepens when a pattern emerges: over the past decade, eleven women have vanished—all on the day of the first snow. But this is a killer who makes his own rules . . . and he'll break his pattern just to keep the game interesting, as he draws Harry ever closer into his twisted web. With brilliantly realized characters and hair-raising suspense, international bestselling author Jo Nesbø presents his most chilling case yet—one that will test Harry Hole to the very limits of his sanity.

“An elegant and complex thriller. . . .Harrowingly beautiful.” —New York Times Book Review “A hugely impressive achievement—ambitious in scope, and skilled in execution.” —Los Angeles Times “The Redbreast certainly ranks with the best of current American crime fiction.” —Washington Post No disrespect meant to Henning Mankell and Stieg Larsson, but Jo Nesbø, the New York Times bestselling author of *The Snowman*, is the most exciting Scandinavian thriller writer in the crime fiction business. *The Redbreast* is a fabulous installment in Nesbø's tough-as-nails series protagonist, Oslo police detective Harry Hole. A brilliant and epic novel, breathtaking in its scope and design—winner of *The Glass Key* for best Nordic crime novel and selected as the best Norwegian crime novel ever written by members of Norway's book clubs—*The Redbreast* is a chilling tale of murder and betrayal that ranges from the battlefields of World War Two to the streets of modern-day Oslo. Follow Hole as he races to stop a killer and disarm a ticking time-bomb from his nation's shadowy past. *Vogue* magazine says that “nobody can delve into the dark, twisted mind of a murderer better than a Scandinavian thriller writer” . . . and nobody does it better than Jo Nesbø! James Patterson fans should also take note.

In the heat of a sweltering Oslo summer, a young woman is found murdered in her flat—with one of her fingers cut off and a tiny red star-shaped diamond placed under her eyelid. An off-the-rails alcoholic barely holding on to his job, Detective Harry Hole is assigned the case with Tom Waaler, a hated colleague whom Harry believes is responsible for the murder of his partner. When another woman is reported missing five days later, and her severed finger turns up adorned with a red star-shaped diamond ring, Harry fears a serial killer is at work. But Hole's determination to capture a fiend and to expose

Waller's crimes is leading him into shadowy places where both investigations merge in unexpected ways, forcing him to make difficult decisions about a future he may not live to see.

In Brian Klingborg's *Thief of Souls*, the brutal murder of a young woman in a rural village in Northern China sends shockwaves all the way to Beijing—but seemingly only Inspector Lu Fei, living in exile in the small town, is interested in justice for the victim. Lu Fei is a graduate of China's top police college but he's been assigned to a sleepy backwater town in northern China, where almost nothing happens and the theft of a few chickens represents a major crime wave. That is until a young woman is found dead, her organs removed, and joss paper stuffed in her mouth. The CID in Beijing—headed by a rising political star—is on the case but in an increasingly authoritarian China, prosperity and political stability are far more important than solving the murder of an insignificant village girl. As such, the CID head is interested in pinning the crime on the first available suspect rather than wading into uncomfortable truths, leaving Lu Fei on his own. As Lu digs deeper into the gruesome murder, he finds himself facing old enemies and creating new ones in the form of local Communist Party bosses and corrupt business interests. Despite these rising obstacles, Lu remains determined to find the real killer, especially after he links the murder to other unsolved homicides. But the closer he gets to the heart of the mystery, the more he puts himself and his loved ones in danger.

Grainy CCTV footage shows a man walking into a bank and putting a gun to a cashier's head. He tells her to count to twenty-five. When he doesn't get his money in time, she is executed. Detective Harry Hole is assigned to the case. While Harry's girlfriend is away in Russia, an old flame gets in touch. He goes to dinner at her house and wakes up at home with no memory of the past twelve hours. The same morning the girl is found shot dead in her bed. Harry begins to receive threatening e-mails. Is someone trying to frame him for this unexplained death? Meanwhile the bank robberies continue with unparalleled savagery. Gripping and surprising, *Nemesis* is the new thriller by one of the biggest stars of Scandinavian crime fiction.

OVER 33 MILLION BOOKS SOLD WORLDWIDE The police urgently need Harry Hole A killer is stalking Oslo's streets. Police officers are being slain at the scenes of crimes they once investigated, but failed to solve. The murders are brutal, the media reaction hysterical. But this time, Harry can't help anyone For years, detective Harry Hole has been at the centre of every major criminal investigation in Oslo. His dedication to his job and his brilliant insights have saved the lives of countless people. But now, with those he loves most facing terrible danger, Harry can't protect anyone. Least of all himself.

From the internationally acclaimed author of the Harry Hole novels—a fast, tight, darkly lyrical stand-alone novel that has at its center the perfectly sympathetic antihero: an Oslo contract killer who draws us into an unexpected meditation on death and love. This is the story of Olav: an extremely talented “fixer” for one of Oslo's most powerful crime bosses. But Olav is also an unusually complicated fixer. He has a capacity for love that is as far-reaching as is his gift for murder. He is our straightforward, calm-in-the-face-of-crisis narrator with a storyteller's hypnotic knack for fantasy. He has an “innate talent for subordination” but running through his veins is a “virus” born of the power over life and death. And while his latest job puts him at the pinnacle of his trade, it may be mutating into his greatest mistake. . . .
