oriented, utilitarian society. In this modern classic, Soloveitchik uses the story of Adam and Eve as a springboard, interweaving insights from such important Western philosophers as Kierkegaard and Kant with innovative readings of Genesis to provide guidance for the faithful in today's world. He explains prayer as "the harbinger of moral reformation," and discusses with empathy and understanding the despair and exasperation of individuals who seek personal redemption through direct knowledge of a God who seems remote and unapproachable. He shows that while the faithful may become members of a religious community, their true home is "the abode of loneliness." In a moving personal testimony, Soloveitchik demonstrates a deep-seated commitment, intellectual courage, and integrity that people of all religions will respond to.

A discussion of the meaning of a Jewish life of faith in the modern world uses personal testimony, Kierkegaardian reflections, and an extended commentary to look at faith in politics, business, science, and other areas. Reprint.

The Lonely Man of Faith is a timeless philosophical essay by one of the twentieth century's greatest Jewish philosophers, Talmudic scholars, and religious leaders, Rabbi Joseph B. Soloveitchik. In this classic work, Rabbi Soloveitchik probes the inner experiences of those who seek both redemptive closeness with God and creative engagement with the world. With characteristic brilliance and eloquence, he delineates the struggle of people of faith to navigate between seemingly contradictory aspects of the human condition: the spiritual and the material, the religious and the scientific, the covenantal and the majestic. Highlights of this newly revised edition of The Lonely Man of Faith include: Transliterations and translations of the Hebrew, fully sourced references, restoration of the original chapter divisions and a new introduction by Rabbi Reuven Ziegler.

Halakhic Man--originally published in Hebrew in 1944 and appearing for the first time in English translation--is considered to be Rabbi Soloveitchik's most important statement. A unique, almost unclassifiable work, its pages include a brilliant exposition of Mitnaggedism, of Lithuanian religiosity, with its emphasis on Talmudism; a profound excursion into religious psychology and phenomenology; a pioneering attempt at a philosophy of Halakhah; a stringent critique of mysticism and romantic religion--all held together by the force of the author's highly personal vision. Exuding intellectual sophistication and touching upon issues fundamental to religious life, Rabbi Soloveitchik's exploration, in sum, seeks to explain the inner world of the Talmudist--or as he is referred to typologically, halakhic man--in terms drawn from Western culture. This book brings to the English-reading world a significant work by one of the most profound Jewish thinkers of this century.

This book provides a commentary and textual analysis of Rabbi Soloveitchik's essay "The Lonely Man of Faith". The dual nature of the human personality, described by Rabbi Soloveitchik, as "Adam the first" and "Adam the second" are analyzed along with the respective communities that are formed and inhabited by each of these two human types.

Rabbi Joseph Soloveitchik was not only one of the outstanding Talmudists and religious leaders of the 20th century, but also one of its most creative and seminal Jewish thinkers. This comprehensive study of Rabbi Soloveitchik's religious philosophy offers a broad perspective and balanced understanding of his work. By interpreting and analyzing both individual essays and overarching themes in an accessible and engaging manner, it uncovers the depth, majesty, and fascination of his thought.

Presents a collection of studies on modern intellectual challenges from the perspective of Modern Orthodox Judaism. Themes range from comparative law to metaphysics with a chapter on "Law and Morality" new to this edition.

Halbertal provides a panoramic survey of Jewish attitudes toward Scripture, provocatively organized around problems of normative and formative authority, with an emphasis on the changing status and functions of Mishnah, Talmud, and Kabbalah.

Some twenty years ago, the editors of Hamevaser, Yeshiva University's Torah student monthly, recognized the growing thirst for the late Rabbi Joseph B. Soloveitchik's teachings. In response, they published the original version of this conspectus, containing the first English version of the Rav's Hebrew and Yiddish discourses, with summaries of his shiurim and lectures. This volume substantially builds on that achievement, bringing together nineteen of the Rav's most illuminating works not published elsewhere. Subjects include "The Ten Commandments," "Adam and Eve," "The Unique Experience of Judaism," and "On the Love of Torah."
