To date, most books on Partition have ignored or minimized the Sindhi Hindu experience, which was significantly different from the trials of minorities in Punjab or Bengal. The Making of Exile hopes to redress this, by turning a spotlight on the specific narratives of the Sindhi Hindu community.Post-Partition, Sindh was relatively free of the inter-communal violence witnessed in Punjab, Bengal, and other parts of north India. Consequently, in the first few months of Pakistan's early life, Sindhi Hindus did not migrate, and remained the most significant minority in West Pakistan Starting with the announcement of the Partition of India, The Making of Exile firmly traces the experiences of the community - that went from being a small but powerful minority to becoming the target of communal discrimination, practised by both the state as well as sections of Pakistani society. This climate of communal antipathy threw into sharp relief the help and sympathy extended to Sindhi Hindus by other Pakistani Muslims, both Sindhi and muhajir. Finally, it was when they became victims of the Karachi pogrom of January 1948 that Sindhi Hindus felt compelled to migrate to India. The second segment of the book examines the resettlement of the community in India - their first brush with squalid refugee camps, their struggle to make sense of rapidly changing governmental policies, and the spirit of determination and enterprise with which they rehabilitated themselves in their new homeland.

For the first time from both sides of the border, a collection of Sindhi Partition narratives If Partition changed the lives of Sindhi Hindus who suffered the loss of home, language and culture, and felt unwanted in their new homeland, it also changed things for Sindhi Muslims. The Muslims had to grapple with a nation that had suddenly become unrecognizable and where they found themselves to be second-class citizens. Not used to the Urdu, the mosques and the new avatars of domination, they were bewildered by the new Islamic state of Pakistan. Sindhi as a nation had simultaneously become elusive for both communities. In Unbordered Memories we witness Sindhis from India and Pakistan making imaginative entries into each other's worlds. Many stories in this volume testify to the Sindhi Muslims' empathy for the world inhabited by the, Hindu, and the Indian Sindhis'solidarity with the turbulence experienced by Pakistani Sindhis. These writings from both sides of the border fiercely ' critique the abuse of human dignity in the name of religion and national borders. They mock the absurdity of containing subcontinental identities within the confines of nations and of equating nations with religions. And they continually generate a shared, unbordered space for all Sindhis—Hindus and Muslims.

"The Amils of Sindh originated in a small group of families who migrated to Sindh through the seventeenth century, driven from neighbouring provinces by economic need, political forces and natural disasters. Through the centuries, the defining quality of the Amils was their commitment to education. They used their education to build careers for themselves, to lead comfortable lives and to create wealth for their families. As an elite layer of society, the Amils were inspiring role models and created a fervour of enthusiasm for education among the middle class in Sindh. The Partition of India and their subsequent dispersal cost them dearly, but they focussed on adapting with dignity to new lives in new places. This book honours the silent sacrifices of the generation that left so much behind. It provides the context for present and future generations to identify themselves with pride in family grids to which they belong"--Back cover.

A harrowing account of the last three months of Benazir Bhutto's life October, 2007. Pakistan's former Prime Minister Benazir Bhutto returns home after eight years of exile to seek political office once more. Assigned to cover her controversial arrival is TV journalist Ali Sikanlar, the estranged son of a wealthy landowner from the interior region of Sindh. While her presence ignites fierce protests and assassination attempts, Ali finds himself irrevocably drawn to the pro-democracy People's Resistance Movement, a secret that sweeps him into the many contradictions of a country still struggling to embrace modernity. As Shah weaves together the centuries-old history of Ali's feudal family and its connection to the Bhattos, she brilliantly reveals a story at the crossroads of the personal and the political, a chronicle of one man's desire to overcome extremity to find love, forgiveness, and even identity itself.

Seventy years on, the Partition of India fades from memory. Can it be restored?

A major new investigation into the Bhatto family, examining their influence in Pakistan from the colonial era to the present day "Fluently written, impeccably researched and never short of extraordinary insights, this is a landmark publication."—Farzana Shaikh, Literary Review The Bhatto family has long been one of the most ambitious and powerful in Pakistan. But politics has cost the Bhattos dear. Zulfikar Ali Bhutto, widely regarded as the country's history, was removed from power in 1977 and executed two years later, at the age of 51. Of his four children, three met unnatural deaths: Shah Nawaz was poisoned in 1985 at the age of 27; Murtaza was shot by the police outside his home in 1996, aged 42; and Benazir Bhutto, who led the Pakistan Peoples Party and became Prime Minister twice, was killed by a suicide bomber in Rawalpindi in 2007, aged 54. Drawing on original research and unpublished documents gathered over twenty years, Owen Bennett-Jones explores the turbulent existence of this extraordinary family, including their volatile relationship with British colonialists, the Pakistani armed forces, and the United States.
