The Mosaic of Christian Belief eBook by Roger E. Olson ...

In what seems like a real-life remake of the film Chariots of Fire—itself based on the true story of a devout Scottish Protestant sprinter who forewent an opportunity to compete in the 1924 Olympics because the qualifying race was held on Sunday—Beatie Deutsch, an Orthodox Jew and a mother of five, might miss her chance at the upcoming Tokyo Olympics.

"The story of Christian theology has often been divisive and disjointed. Providing a companion volume to his earlier work The story of Christian theology, Roger Olson thematically traces out Christian belief down through the ages, revealing a pattern of both unity and diversity. He finds a consensus of teaching that is both unitive and able to incorporate a faithful diversity when not forced into the molds of false either-or alternatives. The mosaic that emerges from Olson's work displays a mediating evangelical theology that is nonspeculative and irenic in spirit and tone. Specifically written with the nonspecialist in mind, Olson has masterfully sketched out the contours of Christian faith with simplicity while avoiding oversimplification."

In this second edition of Roger E. Olson's classic work, he thematically traces the contours of Christian belief down through the ages, revealing a pattern of both unity and diversity. He finds a consensus of teaching that is both unitive and able to incorporate a faithful diversity when not forced into the molds of false either-or alternatives.

An ECPA 2003 Gold Medallion Finalist! The story of Christian theology has often been divisive and disjointed. Providing this companion volume to his earlier work The Story of Christian Theology, Roger E. Olson thematically traces the contours of Christian belief down through the ages, revealing a pattern of both unity and diversity. He finds a consensus of teaching that is both unitive and able to incorporate a faithful diversity when not forced into the molds of false either-or alternatives. The mosaic that emerges from Olson's work displays a mediating evangelical theology that is nonspeculative and irenic in spirit and tone. Specifically written with the nonspecialist in mind, Olson has masterfully sketched out the contours of Christian faith with simplicity while avoiding oversimplification.

In this companion volume to The Story of Christian Theology, Roger E. Olson thematically traces the contours of Christian belief down through the ages--revealing a pattern of both unity and diversity

In this second edition of Roger E. Olson's classic work, he thematically traces the contours of Christian belief down through the ages, revealing a pattern of both unity and diversity. He finds a consensus of teaching that is both unitive and able to incorporate a faithful diversity when not forced into the molds of false either-or alternatives

It ' s no secret that the center of Christianity has shifted from the West to the global South and East. While the truths of the Christian faith are universal, new contexts bring new questions, new understandings, and new expressions. What does this mean for theology? Is the Christian faith not only culturally translatable, but also theologically translatable?Timothy Tennent answers this question with a resounding yes. Theological reflection is alive and well in the majority world church, and these new perspectives need to be heard, considered, and brought into conversation with Western theologians. Global theology can make us aware of our own blind spots and biases. Because of its largely conservative stance, global theology has much to offer toward the revitalization of Western Christianity.Tennent examines traditional theological categories in conversation with theologians from across the globe, making this volume valuable for students, pastors, missionaries, and theologians alike.

In his book, poised to become a standard historical theology textbook, Roger Olson takes us on a journey of events ranging from the apostolic fathers to the Reformation to the present.

Roger Olson provides us with a concise, lively and readable history of evangelical theology. Finding its antecedents in early Pietism of the late seventeenth century, Olson traces its development through the revivalism in Great Britain and America in the eighteenth century from its roots within Puritanism, Wesleyanism and the Great Awakening. Olson then takes us forward in time as he considers evangelicalism in its connection with the Old Princeton theology, Holiness-Pentecostalism and fundamentalism, tracing its course to our contemporary context. Great as a reference book, a refresher course or for use in introductory theology classes.

What don't Christians believe? Is Jesus really divine? Is Jesus really human? Can God suffer? Can people be saved by their own efforts? The early church puzzled over these questions, ruling in some beliefs and ruling out others. Heresies and How to Avoid Them explains the principal ancient heresies and shows why contemporary Christians still need to know about them. These famous detours in Christian believing seemed plausible and attractive to many people in the past, and most can still be found in modern-day guises. By learning what it is that Christians don't believe--and why--believers today can gain a deeper, truer understanding of their faith. --! From back cover.

This accessible yet comprehensive primer explores the breadth of viewpoints on major issues in evangelical theology by examining positions taken by evangelicals on seventeen seminal issues. The second edition retains the helpful features of the first edition and adds an appendix that addresses thirteen peripheral issues in contemporary evangelicalism. Praise for the first edition "The authors do what no book on the market does: in one volume they faithfully present divergent views on the crucial issues that divide evangelicals, and they do so in an unbiased, succinct, and lively manner. This book is perfect as a supplemental text in an introductory theology course or as a manual for church study groups. It will help everyone arrive at his or her own conclusions within the parameters of the evangelical tradition."--Dennis Okholm, Azusa Pacific University "Across the Spectrum succeeds with distinction in at least two respects. First, it represents a very useful tool for those who wish to begin grappling with different approaches to difficult theological problems. The book will be most helpful to beginning students in evangelical theology, the target audience. Second, the work presents various perspectives in fair and unbiased tones. . . . It used with care, it will repeatedly reward the reader with its fair and even treatment of different theological views."--Nathan D. Holsteen, Bibliotheca Sacra "I've been waiting for this book for some time. Due to its brief, nontechnical format, it can be used in a variety of ways in undergraduate theology courses. Although a concise volume, it succinctly outlines multiple arguments, both pro and con, for (incredibly!) over two dozen issues in disputed, largely non-fundamental areas of doctrine. The professor can present positions in favor of particular views or leave the issues open. It's settled--I'm requiring it!"--Gary R. Habermas, Liberty University "A collective sigh of relief will arise from the evangelical student body when it discovers this book! It helpfully and critically surveys the many legitimate evangelical theological options and convincingly demonstrates that there is no single authentically evangelical viewpoint on a wide range of controversial issues. It constitutes a small library between two covers."--Roger E. Olson, George W. Truett Theological Seminary, Baylor University
