Ashley Tolliver has tended to the women of her small Appalachian community for years. As their midwife, she thinks she has seen it all. Until a young woman gives birth at Ashley's home and is abducted just as Ashley tries to take the dangerously bleeding mother to the nearest hospital. Now Ashley is on a mission to find the woman and her newborn baby . . . before it's too late. Hunter McDermott is on a quest—to track down his birth mother. After receiving more media attention than he

could ever want for being in the right place at the right time, he receives a mysterious phone call from a woman claiming to be his mother. Hunter seeks out the aid of the local midwife in the mountain town where the phone call originated—surely she can shed some light on his own family background. Ashley isn't prepared for the way Hunter's entrance into her world affects her heart and her future. He reignites dreams of having her own family that she has long put aside in favor of earning her medical degree and being able to do even more for her community. But is it commitment to her calling or fear of the unknown that keeps her feet firmly planted in the Appalachian soil? Or is it something more—fear of her growing feelings for Hunter—that makes her hesitant to explore the world beyond the mountains?

Mountain Midwife is the story of Isabella Brown Neal, a hard-working, smart, outspoken old mountain woman. Belle, as she was known, traveled day and night through the hills of Clay County, West Virginia delivering babies and nursing the area's poorest families. Belle walked or rode her old nag, often traveling alone with just a doctor's bag of herbs, a lantern, and a shotgun. Belle learned about caring for the sick from her father, Dr. Anthony Brown, and her uncle, Dr. Wash Brown, who both practiced medicine in Clay and Clay County, West Virginia. She quickly recognized the great need for a midwife, and became a Certified Midwife of West Virginia. Primarily delivering babies, Belle would be called upon for other doctoring tasks if no doctor was available, or when large

tragedies occurred at a coal mine or railroad. Belle herself had seven children, one of whom lived with Belle and her husband into their old age. Raising and caring for children was second nature to her. More often than not Belle needed to care for not only the new baby she had just delivered, but also all the many brothers and sisters underfoot. She fed and cleaned entire families, sometimes turning a house and its inhabitants upside down while she helped them get a handle on the meals and housekeeping. Lucky was the woman who had Belle care for her family! Two qualities stand out when reading about Belle Neal. One is her selflessness. Called into service no matter the weather, the distance, the time of day or night, Belle would quickly respond to her patients with little thought given to her own needs. The other is the

commonsense, self-sufficient manner in which she lived. When, in typical fashion, a wild-eyed, exhausted, anxious, 10 year old appeared in the middle of the night with orders to bring Belle for a birthing, she would quickly and calmly fix him cornbread and buttermilk. While she gathered her birthing materials, she would wisely reassure the youngster that he had done his job-the responsibility was on her shoulders now. The two would jump on Belle's old nag and head out. It is estimated that Belle delivered over 3,000 babies in her 40-year career. Some of her ancestors still reside in Clay County, and she is often fondly recalled when the topic of childbearing arises. Belle is a lost breed. She never expected payment, and often didn't receive it. When she did receive pay, more often than not it was a ham, chicken, or other farm

Orlean Puckett was a midwife who lived from 1844 to 1939 in Carroll County, Virginia. Aunt Orlean delivered thousands of babies, she herself, however, lost 24 children of her own. She is commemorated on the Blue Ridge Parkway by a National Park Service marker.

“I come from a long line of midwives,” narrates Elizabeth Whitely. “I was expected to follow Mama, follow Granny, follow Great-granny. In the end, I didn’t disappoint them. Or perhaps I did. After all, there were no more midwives after me.” For generations, the women in Elizabeth’s family have brought life to Kettle Valley, West Virginia, heeding a destiny to tend its women with herbals, experience, and wisdom. But Elizabeth, who has comforted so many, has lost her heart to the one man who cannot reciprocate, even when she moves into his home to share his bed and raise his child. Then Lauren Denniker, Elizabeth’s adopted daughter, begins to display a miraculous gift--just as Elizabeth learns that she

herself is unable to have a child. How Elizabeth comes to free herself from a loveless relationship, grapple with Lauren's astonishing abilities, and come to terms with her own emptiness is the compelling heart of this remarkable tale. Incorporating the spirited mountain mythology of prewar Appalachia, Gretchen Laskas has crafted a story as true to our time as its own, and a cast of characters as poignant as they are entirely original.
