Flexible, easy to use, just enough detail and the number-one best selling rhetoric."

Easy to use, and to understand. Just enough detail. Flexible. Affordable. Already in use at more than 300 colleges and universities. The Norton Field Guide to Writing—in three versions: a brief rhetoric (The Norton Field Guide to Writing); a rhetoric and reader (The Norton Field Guide to Writing with Readings); and a rhetoric, reader, and handbook.

The Norton Field Guide to Speaking offers students the kind of helpful advice and encouragement found in leading full-length textbooks in a user-friendly, to-the-point, easily referenced "field guide" format. Its uniquely flexible, modular organization gives experienced instructors the freedom to teach their course as they choose, while its color-coded cross-referencing system and extensive student and instructor resources provide the structural support and guidance that new instructors need.

The most successful new rhetoric in a generation, now in a version with a handbook—everything students need to write and edit all the kinds of writing they're expected to do.

"Easy to use and easy to afford, The Little Seagull Handbook is the #1 brief handbook because students say it has a positive impact on their writing. Intuitive organization, color-coding, and jargon-free instruction for common kinds of writing make it a reference tool that student writers truly use. This edition includes new advice for conducting research as it's done online today, new student model essays, and a new chapter on writing summary/response essays"--
