But not on much else besides trouble with the Socs, a vicious gang of rich kids whose idea of a good time is beating up on “greasers” like Ponyboy. At least he knows what to expect—until the night someone takes things too far. The Outsiders is a dramatic and enduring work of fiction that laid the groundwork for the YA genre. S. E.

~~Audiobook: The Outsiders by S. E. Hinton~~

Newbery Award-winner Gary Paulsen's best-known book comes to audio in this breathless, heart-gripping drama about a boy pitted against the wilderness with only a hatchet and a will to live. On his way to visit his recently divorced father in the Canadian mountains, thirteen-year-old Brian Robeson is the only survivor when the single-engine plane crashes.

The struggle of three brothers to stay together after their parent's death and their quest for identity among the conflicting values of their adolescent society.

A funny, moving, and true story of an ordinary boy with an extraordinary face that's perfect for fans of Wonder—now available in the U.S. When Robert Hoge was born, he had a tumor the size of a tennis ball in the middle of his face and short, twisted legs. Surgeons removed the

tumor and made him a new nose from one of his toes. Amazingly, he survived—with a face that would never be the same. Strangers stared at him. Kids called him names, and adults could be cruel, too. Everybody seemed to agree that he was “ ugly. ” But Robert refused to let his face define him. He played pranks, got into trouble, had adventures with his big family, and finally found a sport that was perfect for him to play. And Robert came face to face with the biggest decision of his life, he followed his heart. This poignant memoir about overcoming bullying and thriving with disabilities shows that what makes us “ ugly ” also makes us who we are. It features a reflective foil cover and black-and-white illustrations throughout.

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “ Extraordinary . . . an act of courage and self-invention. ” —The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA ’ S FAVORITE BOOKS OF THE YEAR • BILL GATES ’ S HOLIDAY READING LIST • FINALIST: National Book Critics Circle ’ s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara ’ s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she ’ d traveled too far, if there was still a way home. “ Beautiful and propulsive . . . Despite the singularity of [Westover ’ s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up? ” —Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • Book Riot • Pamela Paul, KQED • New York Public Library

Evan Treski, who is people-smart, and his younger sister Jesse, who is math-smart, battle it out through competing lemonade stands, each trying to be the first to earn one hundred dollars. Reprint.

From the bestselling author of *Blink* and *The Tipping Point*, Malcolm Gladwell's *Outliers: The Story of Success* overturns conventional wisdom about genius to show us what makes an ordinary person an extreme overachiever. Why do some people achieve so much more than others? Can they lie so far out of the ordinary? In this provocative and inspiring book, Malcolm Gladwell looks at everyone from rock stars to professional athletes, software billionaires to scientific geniuses, to show that the story of success is far more surprising, and far more fascinating, than we could ever have imagined. He reveals that it's as much about where we're from and what we do, as who we are - and that no one, not even a genius, ever makes it alone. *Outliers* will change the way you think about your own life story, and about what makes us all unique. 'Gladwell is not only a brilliant storyteller; he can see what those stories tell us, the lessons they contain' Guardian 'Malcolm Gladwell is a global phenomenon ... he has a genius for making everything he writes seem like an impossible adventure' Observer

'He is the best kind of writer - the kind who makes you feel like you're a genius, rather than he's a genius' The Times

Are there more than four dimensions to physical reality? Is it possible to traverse time as well as space? Is there a reality beyond our traditional concepts of time and space? The startling discovery of modern science is that our physical universe is actually finite. Scientists now acknowledge that the universe had a beginning. They call the singularity from which it all began the "Big Bang." While the detail among the many variants of these theories remain quite controversial, the fact that there was a definite beginning has gained widespread agreement. This is, of course, what the Bible has maintained throughout its 66 books.

Sixteen-year-olds Mark and Bryon have been like brothers since childhood, but now, as their involvement with girls, gangs, and drugs increases, their relationship seems to gradually disintegrate.

It's time to redefine the CEO success story. Meet eight iconoclastic leaders who helmed firms where returns on average outperformed the S&P 500 by more than 20 times.

Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.
