We are all different and success means different things to different people. Curly's new title, aimed at the individual, leads readers on a journey to define success. Once defined, she encourages us to look at ways to be successful in many different elements of life.

Where does that "winning edge" you've heard so much about come from? How do some people seem to find success simply from waking up and getting out of bed? World-renowned performance expert Brian Tracy has spent decades studying uncommonly high achievers. Instead of finding commonalities such as Ivy League educations, gold-star connections, and a dash of blind luck, Tracy discovered that the keys to their success were more often small adjustments in outlook and behavior--simple things that anyone can do! In Personal Success, Tracy lays out a simple, clear plan for anyone to be able to unlock their potential and find the success they previously thought was unattainable for them. Readers will learn to:

- Change your mindset to attract opportunity.
- Banish self-limited beliefs.
- Build your self-confidence.
- Practice courage--because all successful people are risk takers.

Sharpen your natural intuition. Continually upgrade your skills. And more Packed with simple but game-changing techniques, Personal Success is the answer you've been searching for to gain that winning edge and turn your dreams into realities.

A stunning approach to how individuals can not only change their lives for the better in the workplace, but also their lives away from the office, including (but not limited to) finding ways to improve one's working relationship with others, one's overall health, outlook on life, and so on. For example, why is it that 95% of all diet attempts fail? Why do New Year's Resolutions last no more than a few days? Why can't people with good intentions seem to make consistent and positive strides? Based upon the latest research in a number of psychological and medical fields, the authors of Change Anything will show that traditional will-power is not necessarily the answer to these strivings, that people are affected in their behaviors by far more subtle influences. Change Anything shows how individuals can come to understand these powerful and influential forces, and how to put these forces to work in a positive manner that brings real and meaningful results. The authors present an array of everyday examples that will change and truly empower you to reexamine the way you go about your business and life.

Real Success is a practical handbook for personal success and happiness. Based on philosophies from some of the world's most successful people, it will help readers develop their own definition of success and lay the foundation to achieve that success. If you are passionate about the exciting journey of personal development and achievement, this book is a must read! In this book you will learn about: Attitude Dreaming big Positive self-image Gratitude Association Choice persistence Action

Are you tired of setting goals and never achieving them? There is a reason why you are not succeeding. Your most powerful asset is your mind. The mind is the most underused asset. I will show you how to tap into your mind to achieve any goal you set. You do not have to be in business. You can be in any field. These principles will work in any area you decide to test it on. Authors have had their books published as a result of using these techniques. Painters have had their art work recognized on a national level. Musicians have broken their limiting barrier and gone to compete internationally. Athletes have won games they thought they could never win at. I've personally proven to myself that these methods do work. After you finish this book, I guarantee your life will forever change. You will look at challenge in a new light and have the ability to overcome any obstacles thrown your way.

You can transform your life by setting goals

Do you set goals but somehow never reach them? Are you struggling to build the life you want for yourself? Do you aim for the stars but somehow never get close? *Goal Setting for Success* (Personal Development book 1) is based on **tried and tested scientific principles** that have helped millions of people build the lives they want. The theory has been condensed and simplified into an easy-to-use series of steps that will show you how to:

- Discover for which life area(s) you want to set goals.
- Understand the requirements of a well structured goal.
- Recognize which goals will work for you and which won't.
- Take action so that your goals become reality and your life improves exponentially.
- Review your progress and adjust your goals where required.
- Deal with the curve balls life throws you so that they don't get in the way of achieving your goals.

Taking Consistent Action is Key to Changing your life

Creating meaningful goals for yourself becomes easy once you know how. Actually achieve professional and personal goals irrespective of what they are by *following the simple, practical steps outlined*. Do you want your own profitable business that will bring fame and success? Do you desire financial independence and personal freedom? Would you love to improve your relationships and make them more fulfilling? All of these are within your reach.

Take action now and change your life forever!
