incorporate this joyful and wonderful healing art into your baby's life. She shows you why a daily massage can be one of the greatest gifts you give your child...and yourself. For generations mothers the world over have known that the soft stroke of their hands soothes, calms, and communicates their love to their babies. Now scientific research proves that massage can do all that and more. In *Infant Massage*, McClure shares how massage benefits children--easing discomfort, releasing tension, helping premature infants gain weight, even helping asthmatic children improve breathing function. She explains each step of the massage process with simple easy-to-follow instructions and
