The Story of Art, by E. H. Gombrich, is a survey of the history of art from ancient times to the modern era. First published in 1950 by Phaidon, the book is widely regarded both as a seminal work of criticism and as one of the most accessible introductions to the visual arts. It was originally intended for younger readers.

The Story of Art - Wikipedia

'The Story of Art was the first history of art which I read as a 19-year-old student. It was a revelation and I could not put it down. It pushed open the door on some of the greatest achievements of the human spirit. Written with love and scholarship, clarity and insight, it stands as a classic cornerstone in any appreciation of art.'

The Story of Art (豆瓣)

The Story of Art book. Read 929 reviews from the world's largest community for readers. This text is the 16th revised and updated edition of this introdu...

"The Story of Art is one of the most famous and popular books on art ever published. For 45 years it has remained unrivalled as an introduction to the whole subject, from the earliest cave paintings to the experimental art of today. Readers of all ages and backgrounds throughout the world have found in Professor Gombrich a true master, who combines knowledge and wisdom with a unique gift for communicating directly his own deep love of the works of art he describes." "The Story of Art owes its lasting popularity to the directness and simplicity of the writing,

File Type PDF The Story Of Art

and also the author's skill in presenting a clear narrative. He describes his aim as 'to bring some intelligible order into the wealth of names, periods and styles which crowd the pages of more ambitious works', and using his insight into the psychology of the visual arts, he makes us see the history of art as 'a continuous weaving and changing of traditions in which each work refers to the past and points to the future, a living chain that still links our own time with the Pyramid age'. In its new format, the 16th edition of this classic work is set to continue its triumphant progress for future generations and to remain the first choice for all newcomers to art."--BOOK

File Type PDF The Story Of Art

The Short Story of Art is a new and innovative introduction to the subject of art. Simply constructed, the book explores 50 key works, from the wall paintings of Lascaux to contemporary installations, and then links these to sections on art movements, themes, and techniques. The design of the book allows the student or art enthusiast to easily navigate their way around key periods, artists and styles. Accessible and concise, it simplifies and explains the most important and influential concepts in art, and shows how they are linked. The book explains how, why, and when art changed, who introduced certain things, what they were, where they were produced, and whether they matter. It demystifies artistic jargon, giving readers a thorough understanding and broad enjoyment of art.

File Type PDF The Story Of Art

An instant classic--a lively new introduction to contemporary art that stretches from Andy Warhol's Brillo boxes to Marina Abramovi& 's performance art to today's biennale circuit and million-dollar auctions. Encountering a work of contemporary art, a viewer might ask, "What does it mean?" "Is it really art?" and "Why does it cost so much?" These are not the questions that E. H. Gombrich set out to answer in his magisterial *The Story of Art*. Contemporary art seems totally unlike what came before it, departing from the road map supplied by Raphael, D ü rer, Rembrandt, and other European masters. In *The Story of Contemporary Art*, Tony Godfrey picks up where Gombrich left off, offering a lively introduction to contemporary art that stretches from Andy Warhol's Brillo boxes to Marina Abramovi& 's

File Type PDF The Story Of Art

performance art to today's biennale circuit and million-dollar auctions. Godfrey, a curator and writer on contemporary art, chronicles important developments in pop art, minimalism, conceptualism, installation art, performance art, and beyond.

The definitive survey of Western art is now available in a deluxe, one-volume slipcased edition, bound in rich cloth and stamped in gold foil. 1,243 illustrations, 736 in color. 111 line drawings. 12 maps.

Stories of Art is James Elkins's intimate history of art. Concise and original, this engaging book is an antidote to the behemoth art history textbooks from which we were all taught. As he demonstrates so persuasively, there can never be one story of art. Cultures have their own stories - about themselves, about

File Type PDF The Story Of Art

other cultures - and to hear them all is one way to hear the multiple stories that art tells. But each of us also has our own story of art, a kind of private art history made up of the pieces we have seen, and loved or hated, the effects they had on us, and the connections that might be drawn among them. Elkins opens up the questions that traditional art history usually avoids. What about all the art not produced in Western Europe or in the Europeanized Americas? Is it possible to include Asian art and Indian art in 'the story?' What happens when one does? To help us find answers, he uses both Western and non-Western artworks, tables of contents from art histories written in cultures outside the centre of Western European tradition, and strangely wonderful diagrams of how artworks might connect through a single individual. True multiculturalism may be an

File Type PDF The Story Of Art

impossibility, but art lovers can each create a ' story of art ' that is right for themselves.

This classic book uses an exceptional art program, featuring impeccable accurate five-color illustrations, to introduce readers to the vast world of painting, sculpture, architecture, photography, and the minor arts. With its effectively written, balanced, and interesting narrative, this book presents art as a succession of styles--from Prehistory through the 20th century--and enlarges the readers' capacity to appreciate works of art individually. Written more than 40 years ago, this text has been constantly reworked to respond to the needs of this ever-changing field. A reference work suitable for those employed in all art media, including painters, sculptors, photographers, and architects.

File Type PDF The Story Of Art

Available in paperback for the first time, Professor Gombrich ' s highly-acclaimed last book offers a revealing insight into the history and psychology of taste. The Preference for the Primitive is a study of the idea that older and less sophisticated (' primitive ') works are somehow morally and aesthetically superior to later works that have become soft and decadent. Summing up more than 40 years of study and reflection on this theme, this book presents a closely argued narrative supported by extensive quotations that document with precision the role of authors, critics and artists in shaping and changing opinion.

“ Verde ’ s unique style and simple yet increasingly important messages of peace, mindfulness, and community make her stories a must-share...A must-purchase. ”
—School Library Journal (starred review)

File Type PDF The Story Of Art

“ Walls do not just create barriers and divide spaces. They can be canvases for artmaking; opportunities to shape a community. ” —The Horn Book “ This story of urban renewal sends a welcome double message by Verde: neighbors and neighborhoods are more than the way they look, and ordinary people can band together to transform big things. ”

—Publishers Weekly A boy takes on a community art project in order to make his neighborhood more beautiful in this empowering and inspiring picture book by Susan Verde, stunningly illustrated by award-winning artist John Parra. One creative boy. One bare, abandoned wall. One BIG idea. There is a wall in Ángel ’ s neighborhood. Around it, the community bustles with life: music, dancing, laughing. Not the wall. It is bleak. One boy decides to change that. But he can ’ t do it alone. Told in elegant verse

File Type PDF The Story Of Art

by Susan Verde and vibrantly illustrated by John Parra, this inspiring picture book celebrates the power of art to tell a story and bring a community together.
