The Allegory of the Cave, or Plato’s Cave, was presented by the Greek philosopher Plato in his work Republic (514a–520a) to compare "the effect of education (???????) and the lack of it on our nature". It is written as a dialogue between Plato’s brother Glaucon and his mentor Socrates, narrated by the latter. The allegory is presented after the analogy of the sun (508b–509c) and the analogy of the divided line (509d–511e). All three are characterized in relation to dialectic at the end of Books VII and VIII (531d–534e). Plato has Socrates describe a group of people who have lived chained to the wall of a cave all of their lives, facing a blank wall. The people watch shadows projected on the wall from objects passing in front of a fire behind them, and give names to these shadows. The shadows are the prisoners’ reality.

“Heart-stopping and relentlessly gripping. Tabor takes us on an odyssey into unfathomable worlds beneath us, and into the hearts of rare explorers who will do anything to get there first.”—Robert Kurson, author of ShadowDivers In 2004, two great scientist-explorers attempted to find the bottom of the world. American Bill Stone took on the vast, deadly Cheve Cave in southern Mexico. Ukrainian Alexander Klimchouk targeted Krubera, a freezing nightmare of a supercave in the war-torn former Soviet republic of Georgia. Both men spent months almost two vertical miles deep, contending with thousand-foot drops, raging whitewater rivers, monstrous waterfalls, mile-long belly crawls, and the psychological horrors produced by weeks in absolute darkness, beyond all hope of rescue. Based on his unprecedented access to logs and journals as well as hours of personal interviews, James Tabor has crafted a thrilling exploration of man’s timeless urge to discover—and of two extraordinary men whose pursuit of greatness led them to the heights of triumph and the depths of tragedy. Blind Descent is an unforgettable addition to the classic literature of true-life adventure, and a testament to human survival and endurance. “Holds the reader to his seat, containing dangers aplenty with deadly falls, killer microbes, sudden burial, asphyxiation, claustrophobia, anxiety, and hallucinations far underneath the ground in a lightless world. Using a pulse-pounding narrative, this is tense real-life adventure pitting two master caves mirroring the cold war with very uncommonly high stakes.”—Publishers Weekly (starred review) “A fascinating and informative introduction to the sport of cave diving, as well as a dramatic portrayal of a significant man-vs.-nature conflict. . . . What counts is Tabor’s knack for maximizing dramatic potential, while also managing to be informative and attentive to the major personalities associated with the most important cave explorations of the last two decades.”—Kirkus Reviews

MartinHeidegger is one of thetwentieth century’s most important philosophers, renowned for his explorationof "the question of being". He was Professor of Philosophy at the Universitiesof Marburg and Freiburg and his influence is felt in such diverse subjects asphilosophy, theology, literary theory and artificial intelligence. The Essence of Truth is an examination of the most fundamental themein Heidegger’s philosophy: the difference between truth as ‘the unhiddenness ofbeings’ and truth as ‘the correctness of propositions’. Based on a courseof lectures delivered at the University of Freiburg in 1932, the book presents Heidegger’s original analysis of Plato’s philosophy and represents an important discussion of a fundamental subject of philosophy through the ages.

Bestselling author and pastor Chris Hodges helps those struggling with depression find liberating solutions by drawing from the life of the prophet Elijah. Shame about the dark thoughts swirling in your mind. Guilt about how powerless you feel to overcome negative emotions. Alternating bouts of sadness and numbness. You might be asking, Should a Christian even be having these struggles? Depression is the number one health issue in the world today, yet those who suffer are still sometimes stigmatized—especially followers of Jesus. Many assume God’s peace, power, and protection should prevent us from ever feeling anxious, depressed, and afraid. But the Bible teaches otherwise, particularly in its depiction of the life of the Old Testament prophet Elijah. In Out of the Cave, bestselling author and pastor Chris Hodges uses Elijah’s life to show us that everyone is susceptible to depression. Even when we’re walking closely with God, we can still stumble and get lost in the wilderness of tangled emotions. But we don’t have to stay there, because we serve a God who meets us in the darkness. Out of the Cave helps us remove the stigma of depression and realize we’re not alone; understand the ways our temperament and view of God affect the way we handle depression; and learn a comprehensive approach to wellness—mind, body, and soul—from Elijah’s journey. With his trademark blend of Bible-based wisdom, practical application, and vulnerability in sharing his personal struggles, Hodges explores the causes of depression we can’t change, the contributors we can conquer, and offers transformative hope and spiritual power to help us win the battle.

Truth is increasingly marginalized. Powerful news interests, social media and political orators all seem to point to the idea that the days of absolute Truth are past. Religions have always claimed to stand for a transcendent dimension to reality and to the idea of an absolute claim to Truth but, in the West, religion has been and is declining in influence. Fundamentalism is on the rise and this, combined with relativism, contributes to the current malaise. Peter Vardy is a passionate commitment to helping people think about key issues deeply, yet writes in a lucid and clear style. In Beyond the Cave he explains why claims to absolute Truth have become severely eroded but he also charts a way forward.
