## A People's History of the United States - Wikipedia

There were two sides to the 20th century. On the one hand there were severe recessions in the early 1930s and in the 1980s and 1990s. There were also two terrible world wars. On the other hand there was a vast improvement in the standard of living of ordinary people. Life expectancy also rose.

Great people of the 20th century.

Jerry White's London in the Twentieth Century, Winner of the Wolfson Prize, is a masterful account of the city ' s most tumultuous century by its leading expert. In 1901 no other city matched London in size, wealth and grandeur. Yet it was also a city where poverty and disease were rife. For its inhabitants, such contradictions and diversity were the defining experience of the next century of dazzling change. In the worlds of work and popular culture, politics and crime, through war, immigration and sexual revolution, Jerry White ' s richly detailed and captivating history shows how the city shaped their lives and how it in turn was shaped by them.

To what extent does a person's own success result in social transformation?

This book offers 100 answers, providing thought-provoking examples of how American culture was shaped within a crucial time period by individuals whose lives and ideas were major agents of change.

An erudite and accessible survey of Jewish life and culture in the twentieth century, as reflected in seminal texts. Following *The People and the Books*, which "covers more than 2,500 years of highly variegated Jewish cultural expression" (Robert Alter, *New York Times Book Review*), poet and literary critic Adam Kirsch now turns to the story of modern Jewish literature. From the vast emigration of Jews out of Eastern Europe to the Holocaust to the creation of Israel, the twentieth century transformed Jewish life. The same was true

# Bookmark File PDF The Twentieth Century A

of Jewish writing: the novels, plays, poems, and memoirs of Jewish writers provided intimate access to new worlds of experience. Kirsch surveys four themes that shaped the twentieth century in Jewish literature and culture: Europe, America, Israel, and the endeavor to reimagine Judaism as a modern faith. With discussions of major books by over thirty writers—ranging from Franz Kafka to Philip Roth, Elie Wiesel to Tony Kushner, Hannah Arendt to Judith Plaskow—he argues that literature offers a new way to think about what it means to be Jewish in the modern world. With a wide scope and diverse, original observations, Kirsch draws fascinating parallels between familiar writers and their less familiar counterparts. While everyone knows the diary of Anne Frank, for example, few outside of Israel have read the diary of Hannah Senesh. Kirsch sheds

new light on the literature of the Holocaust through the work of Primo Levi, explores the emergence of America as a Jewish home through the stories of Bernard Malamud, and shows how Yehuda Amichai captured the paradoxes of Israeli identity. An insightful and engaging work from "one of America ' s finest literary critics" (Wall Street Journal), *The Blessing and the Curse* brings the Jewish experience vividly to life.

A multifaceted study of Alabama's history over the course of the twentieth century features chapters on politics, education, women, religion, the arts, the military, and other vital topics, covering both Alabama's triumphs and low points.

# Bookmark File PDF The Twentieth Century A

towards authoritarianism. The Founding Fathers tried to protect us from the threat they knew, the tyranny that overcame ancient democracy. Today, our political order faces new threats, not unlike the totalitarianism of the twentieth century. We are no wiser than the Europeans who saw democracy yield to fascism, Nazism, or communism. Our one advantage is that we might learn from their experience. On Tyranny is a call to arms and a guide to resistance, with invaluable ideas for how we can preserve our freedoms in the uncertain years to come. "Mr. Snyder is a rising public intellectual unafraid to make bold connections between past and present." --The New York Times
