Author and journalist John Hersey powerfully relates the story of Nazi Germany's infamous creation of the Judischer Wohnbezirk in Warschau -- the 1.3-square-mile Jewish walled camp in Warsaw, where 400,000 Jews were imprisoned -- from the building of the brick barrier that locked the Jews in, to the deportation of Jews to death camps, to the doomed uprising of about 750 resistance fighters.

Riveting and compelling, *The Wall* tells the inspiring story of forty men and women who escape the dehumanizing horror of the Warsaw ghetto. John Hersey's novel documents the Warsaw ghetto both as an emblem of Nazi persecution and as a personal confrontation with torture, starvation, humiliation, and cruelty -- a gripping and visceral story, impossible to put down.

Monumental epic story about the Jews of the Warsaw Ghetto during World War II, their warmth and love, and their unconquerable spirit of defiance in the face of death.

Not too far from now, in a world very like our own, the oppressors have changed places with the oppressed. After their defeat in the Yellow War, the white people of America are thrust into a brutally altered reality. They are hunted like wild beasts and drive like cattle, transported in reeking ships and sold to their conquerors as field hands and house slaves. Robbed of their old names and their old language, treated with a mixture of cruelty and condescension by their Chinese masters, whites take on new identities and new strategies of survival. Some, like Nose,

Read Book The Wall John Hersey

plunge into dissipation. Others, like Top Man, become imitation Yellows. And some, like White Lotus, rebel. In this mesmerizing book John Hersey creates an alternate history that casts a harsh radiance on our own. It has some of the stateliness of Exodus, along with the power of oral narratives of slavery. It has heroes and victims—and villains who turn out to be victims of another color. At once a masterpiece of storytelling and a complex novel of ideas, White Lotus compels us to reexamine our notions of race and racism, freedom and oppression.

Hiroshima is the story of six people--a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest--who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

From the revered Pulitzer Prize winning

journalist and writer, comes his National Bestseller on one of the world's oldest and most popular activities, fishing. Presented in narrative form as a conversation between a Fisherman and the Stranger, Hersey draws upon his own experiences and passion as the fisherman reflects on the age old sport, offering his own insights and thoughts. From the depths of the ocean to the creatures near the shore, Hersey perfectly answers why fishing has been such an integral part of humanity. "Almost no one has answered "why fish?" better than Mr. Hersey . . . what he does best of all is evoke wonder."—New York Times Book Review "Blues is, of course, about much more than the pleasures and techniques of fishing; it is, as Fisherman tells Stranger, about interconnections—the ties between mankind and the natural world, among others."—The New Yorker "Wonderful . . . He gives us a rich and vivid sense of ocean life. . . . The whole thing is as stately as a minuet, and as graceful."—Chicago Sun-Times

A saga of a magnificent violin, Antonietta, named after a beautiful woman who was the inspiration of Antonio Stradivari's later years. As Hersey brings Mozart, Berlioz, and Stravinsky to life, he offers us a marvelous celebration of the changing character and eternal art and power of music.

A monumental reevaluation of the career of John Hersey, the author of Hiroshima Few are

Read Book The Wall John Hersey

the books with as immediate an impact and as enduring a legacy as John Hersey's *Hiroshima*. First published as an entire issue of *The New Yorker* in 1946, it was serialized in newspapers the world over and has never gone out of print. By conveying plainly the experiences of six survivors of the 1945 atomic bombing and its aftermath, Hersey brought to light the magnitude of nuclear war. And in his adoption of novelistic techniques, he prefigured the conventions of New Journalism. But how did Hersey—who was not Japanese, not an eyewitness, not a scientist—come to be the first person to communicate the experience to a global audience? In *Mr. Straight Arrow*, Jeremy Treglown answers that question and shows that *Hiroshima* was not an aberration but was emblematic of the author's lifework. By the time of *Hiroshima's* publication, Hersey was already a famed war writer and had won a Pulitzer Prize for Fiction. He continued to publish journalism of immediate and pressing moral concern; his reporting from the Freedom Summer and his exposés of the Detroit riots resonate all too loudly today. But his obsessive doubts over the value of his work never ceased. *Mr. Straight Arrow* is an intimate, exacting study of the achievements and contradictions of Hersey's career, which reveals the powers of a writer tirelessly committed to truth and social change.

This classic novel and winner of the Pulitzer

Prize tells the story of an Italian-American major in World War II who wins the love and admiration of the local townspeople when he searches for a replacement for the 700-year-old town bell that had been melted down for bullets by the fascists. Although situated during one of the most devastating experiences in human history, John Hersey's story speaks with unflinching patriotism and humanity.

A street in New Haven. A line of people, blocks long, more closely packed than the rush-hour subways of the good old times. Poynter has been on the line since before dawn, as are thousands of others, pressed together, waiting their turns at the window to present their individual petitions. His is for more space—a notion so preposterous that when it is discovered it shocks, reverberates down the line, almost triggering violent reactions. In front of Poynter, so tightly jammed against him that he can see no more than the side of her face, is a girl petitioning to change her job. And, locked together in this fearful proximity, they talk, explore their predicaments, and perhaps fall in love. My Petition for More Space chills by its glimpse of a world grown so crowded that dissent is an inconceivable crime and acquiescence the law of survival. Feelings of hope and fear, desire, anger, frustration erupt sporadically, sparked by the friction of numbers. Call it tonight's

Read Book The Wall John Hersey

disturbing dream or a coldly logical scenario of things to come, John Hersey's taut novel stings the mind.

In the immediate sense, this long, eventful and agonizingly suspenseful novel shows what fear, secret hidden fear, can do to even one of those seeming heroes, a war lover. In the longer view, however, this may come to be regarded as the great and ultimate anti-war novel of our time. The scene is an American bomber base in England sometime before D-Day. The characters are the crew of a Flying Fortress named The Body, particularly the pilot, Buzz Marrow, and the co-pilot, Boman, who tells the story of his worship of Marrow, and of how his hero succumbed, on their final crucial mission, to the fatal weakness with which he camouflaged his fear—his secret delight in annihilation. Boman also tells the story of the English girl he loved (and Mr. Hersey's many admirers will note a new tenderness and passion in these scenes), and of her fateful intervention in Marrow's collapse. Both narrative lines flow together and are superbly united in the sustained and powerful climax.
