Chagnon falsely casts the Yanomamo as a savage, “ primitive ” , and horribly violent people. In one section, he makes the mistake of saying that they can even offer us a view into our past. Therefore, despite his engaging narrati This book is a case study of the Yanomamo in Brazil done by anthropologist, Napoleon Chagnon.

~~The Yanomamo (CASE STUDIES IN CULTURAL ANTHROPOLOGY...~~

Sometimes Chagnon, while recognizing how nasty life has been for the Yanomamo, seems to acquiesce in the nastiness, to display a kind of "zookeeper" mentality towards primitive tribes. He seems a bit conflicted over the issue.

~~The Yanomamo: Chagnon, Napoleon: Amazon.com.au: Books~~
Written by Napoleon Chagnon, the book Yanomamo is a masterpiece collection of information on the Yanomamo people of Brazil and Venezuela. These people form part of the ever-diminishing sovereign tribal groupings in existence in modern times.

Acces PDF The Yanomamo Napoleon A Chagnon

Based on the author's extensive fieldwork, this classic ethnography, now publishing in a legacy 6th edition, focuses on the Yanomamo. These truly remarkable South American people are one of the few primitive sovereign tribal societies left on earth. This new edition includes events and changes that have occurred since 1992, including a recent trip by the author to the Brazilian Yanomamo in 1995. Also included in this legacy edition will be an interview Q&A with the author revealing his own take on his life's work in the context of recent controversy. This interview will cap the legacy edition with rich perspectives from the author, his fieldwork, and the field of anthropology. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The renowned anthropologist author of the best-selling Yanomamö describes his controversial life-long research among the Yanomamö Indians, describing how his beliefs in the evolutionary advantages of their inherent violence have been systematically rejected by politically correct scientists. 50,000 first printing.

Examines the destructive impact of journalists, anthropologists, and scientists on the Yamomami Indians, one of the Amazon basin's oldest tribes, whose internecine warfare was triggered by repeated visits by the world's leading anthropologists and by the Atomic Energy Commission's plans to use the tribe in radiation studies. Reprint.

Based on the author's extensive fieldwork, this classic ethnography, now in its fifth edition, focuses on the Yanomamo. These truly remarkable South American people are one of the few primitive sovereign tribal societies left on earth. This new edition includes events and changes that have occurred since 1992, including a recent trip by the author to the Brazilian Yanomamo in 1995.

Yanomami raises questions central to the field of anthropology - questions concerning the practice of fieldwork, the production of knowledge, and anthropology's intellectual and ethical vision of itself. Using the Yanomami controversy - one of anthropology's most famous and explosive imbroglios - as its starting point, this books considers how fieldwork is done, how professional credibility and integrity are maintained, and how the discipline might change to address central theoretical and methodological problems. Both the most up-to-date and thorough public discussion of the Yanomami controve.

"Napoleon Chagnon's well-known case study, *Yanomamö: the Fierce People*, begins with a first chapter on doing fieldwork among them. It is one of the features of this case study that makes it one of the most widely used in this series. Ever since *The Fierce People* appeared in 1968 readers have expressed their strong interest in a more complete account of Chagnon's experiences and methods of research with the *Yanomamö*. The present study is a response to this wish, and as the reader will discover, a very satisfying one. Studying the *Yanomamö* is satisfying because in it Chagnon explains not only how he went about the collection of data, why he considered it important, and how he organized it analytically, but also because his personal experience is described in vivid detail. Much of

what he describes is pure adventure of the kind that most field anthropologists encounter in some degree, but rarely in quite this dramatic a context, for there are few people remaining in this world like the Yanomamö."--Page vi.

"Re-evaluation of Yanomamo warfare defends a material motivation hypothesis grounded in an etic behavioral approach. Elaborating a method previously applied to the study of Pacific Northwest warfare patterns, author develops a formal analytic model and applies it to histories of Yanomamo conflicts, political relations among villages, and warfare strategies. Effects of Western contact - especially the introduction of manufactured goods - on warfare patterns are discussed"--Handbook of Latin American Studies, v. 57.

Chagnon first made contact with the Yanomamo, a now-imperiled tribe of Amazon Indians, in 1964. He gives an unforgettable portrait of an extraordinary people in this eloquent, meticulously detailed, and often passionate book. Foreword by Edward O. Wilson; Index; maps; illustrations and photographs by the Author. "
