Work Description. The Theological Wordbook of the Old Testament (aka "TWOT") is edited by R. Laird Harris, Gleason L. Archer, Jr., and Bruce K. Waltke. TWOT is a 2-volume set, dealing with the Hebrew/Aramaic words in the Old Testament that have a theological significance. It gives a short definition to every Old Testament word, but goes theologically in-depth on the words that are considered to be necessary and noteworthy to clarity and contextual understanding of the Old Testament.

Stimulating theology is an oxymoron for most people. "Theology" sounds like something for the severely intellectual, full of complicated ideas that escape the typical Christian reader. In reality, theology is meant to enhance our understanding of God. Most of the words that make up the Christian vocabulary are common words, drawn from the realities of life, and therefore are easily applicable to real life. Based on this premise four leading authors have come together to create this excellent volume. The Theological Wordbook tackles tough words, such as propitiation, regeneration, righteousness, and predestination, but it does so in a natural, plain-spoken manner designed to be enlightening rather than evasive. Also literally dozens of words you are likely to use every day, such as forgiveness, mind, peace, rest, family, truth, and guilt, have profound biblical value. Using The Theological Wordbook can enable you to more fully appreciate what the Bible teaches on these crucial topics and how each of these terms is relevant for life today. As this happens, your understanding of God will expand. And as the words you use, speak, and hear in the community of faith become more familiar, you will become more connected to your own spiritual heritage. The Theological Wordbook is the link between understanding God's Word in your head and accepting it in your heart.

This multivolume work is still proving to be as fundamental to Old Testament studies as its companion set, the Kittel-Friedrich Theological Dictionary of the New Testament, has been to New Testament studies. Beginning with father, and continuing through the alphabet, the TDOT volumes present in-depth discussions of the key Hebrew and Aramaic words in the Old Testament. Leading scholars of various religious traditions (including Roman Catholic, Lutheran, Reformed, Anglican, Greek Orthodox, and Jewish) and from many parts of the world (Denmark, France, Germany, Great Britain, Greece, Israel, Italy, the Netherlands, Norway, Sweden, Switzerland, and the United States) have been carefully selected for each article by editors Botterweck, Ringgren, and Fabry and their consultants, George W. Anderson, Henri Cazelles, David Noel Freedman, Shemaryahu Talmon, and Gerhard Wallis. The intention of the writers is to concentrate on meaning, starting from the more general, everyday senses and building to an understanding of theologically significant concepts. To avoid artificially restricting the focus of the articles, TDOT considers under each keyword the larger groups of words that are related linguistically or semantically. The lexical work includes detailed surveys of a word s occurrences, not only in biblical material but also in other ancient Near Eastern writings. Sumerian, Akkadian, Egyptian, Ethiopic, Ugaritic, and Northwest Semitic sources are surveyed, among others, as well as the Qumran texts and the Septuagint; and in cultures where no cognate word exists, the authors often consider cognate ideas. TDOT s emphasis, though, is on Hebrew terminology and on biblical usage. The contributors employ philology as well as form-critical and traditio-historical methods, with the aim of understanding the religious statements in the Old Testament. Extensive bibliographical information adds to the value of this reference work. This English edition attempts to serve the needs of Old Testament students without the linguistic background of more advanced scholars; it does so, however, without sacrificing the needs of the latter. Ancient scripts (Hebrew, Greek, etc.) are regularly transliterated in a readable way, and meanings of foreign words are given in many cases where the meanings might be obvious to advanced scholars. Where the Hebrew text versification differs from that of English Bibles, the English verse appears in parentheses. Such features will help all earnest students of the Bible to avail themselves of the manifold theological insights contained in this monumental work.

Analyzes the meaning of Hebrew terms used in the Old Testament, considering their occurrences in ancient Near Eastern texts

Analyzes the meaning of Hebrew terms used in the Old Testament, considering their occurrences in ancient Near Eastern texts

A useful survey of the Old Testament that will aid in understanding difficult passages. This one volume contains all of Irving Jensen's Bible self-study guides to the Old Testament.

Edited by Spiros Zodhiates, Th.D. Book introductions Footnotes on key passages Extensive cross-referencing system AMG Greek concordance Hebrew and Greek word study sections Strong's dictionary Strong's numbers & Hebrew grammatical codes Translational reference index 2,608 pp.

Where the Hebrew text versification differs from that of English Bibles, the English verse appears in parentheses. Such features will help all earnest students of the Bible to avail themselves of the manifold theological insights contained in this monumental work.

Volume XVI includes the monumental, critically acclaimed Theological Dictionary of the Old Testament with an Aramaic dictionary. This latest and last TDOT volume incorporates nearly the complete lexicon of Biblical Aramaic as well as a major portion of the theologically, culturally, and historically relevant terms in other ancient Aramaic writings. Each article provides information on the term ' s meaning and usage, is fully annotated, and contains a bibliography with cross-references to the entire TDOT series. Further enhancing this volume are an introductory overview of the history of Aramaic and a comparative grammatical outline of ancient Aramaic at the end of the book.
