From the renowned comedian, creator, star and executive producer/multiple title-holder of Comedy Central's Important Things with Demetri Martin comes a bold, original, and rectangular kind of humor book. Demetri's first literary foray features longer-form essays and conceptual pieces (such as Protagonists' Hospital, a melodrama about the clinic doctors who treat only the flesh wounds and minor head scratches of Hollywood action heroes), as well as his trademark charts, doodles, drawings, one-liners, and lists (i.e., the world views of optimists, pessimists and contortionists), Martin's material is varied, but his unique voice and brilliant mind will keep readers in stitches from beginning to end.

A playfully deceptive format that encourages young readers to see things differently This is not a book - it's a laptop, a pair of hands to clap, a toolbox! Each spread of this book is actually something else entirely, challenging young readers to see things quite differently! Turning the page and finding a full-sized image of piano keys will invite children to swing the book on its side for imaginative play; turning the page again to find a monster with its mouth wide open will prompt children to use the book to chomp everything around them! The result stretches beyond the pages of this book, prompting readers to think creatively about other objects in their daily lives. Created for ages 2-4 years
