Con te partirò - Wikipedia

This is a beautiful song, but when our life is over we stand before God. When you're ready to say Goodbye, know that you must be born again to enter the kingdom of heaven. So don't say goodbye yet. There is still time to repent and accept the Messiah, the Lord Jesus Christ, God's only Son into your heart, then you can confidently say 'goodbye'.

discussion about children and pet loss as well as how to support a grieving companion animal in the family. Offering step-by-step support throughout, this guide brings hope and reassurance that, while grief may feel insurmountable, you will come out the other side to once again reengage with life.

Suicide would appear to be the last taboo. Even incest is now discussed freely in popular media, but the suicide of a loved one is still an act most people are unable to talk about--or even admit to their closest family or friends. This is just one of the many painful and paralyzing truths author Carla Fine discovered when her husband, a successful young physician, took his own life in December 1989. And being unable to speak openly and honestly about the cause of her pain made it all the more difficult for her to survive. With *No Time to Say Goodbye*, she brings suicide survival from the darkness into light, speaking frankly about the overwhelming feelings of confusion, guilt, shame, anger, and loneliness that are shared by all survivors. Fine draws on her own experience and on conversations with many other survivors--as well as on the knowledge of counselors and mental health professionals. She offers a strong helping hand and invaluable guidance to the vast numbers of family and friends who are left behind by the more than thirty thousand people who commit suicide each year, struggling to make sense of an act that seems to them senseless, and to pick up the pieces of their own shattered lives. And, perhaps most important, for the first time in any book, she allows survivors to see that they are not alone in their feelings of grief and despair.

A fictional account of five children sent to aboriginal boarding school, based on the recollections of a number of Tsartlip First Nations people.

It hit me, the reality of it, in a way it hadn't before like a sledgehammer straight to the chest. Laura was gone. She was never coming back. I'd never see her again; she'd never hum in the kitchen, she'd never pull Ruby onto her lap and tickle her tummy as she buried her face in the sweet curve of our daughter's shoulder. Nathan West loved his wife Laura with all his heart. But now she's gone, taken from him in a seemingly random act of violence. Laura was the glue that held their family together. And for Nathan, life without her feels almost meaningless. As he tries to find hope in the darkness, his three young daughters express their grief in different and challenging ways—with one set on a path of self-destruction that could devastate their family all over again. Desperate to understand his own heartbreak better, he reaches out to others who had known Laura. Including her new friend Maria, whose light and warmth are exactly what their grieving family needs, and who is soon helping out and providing emotional support for them all. But the picture Maria paints of Laura is unfamiliar to Nathan—of a wife who felt ignored, a mother who felt she couldn't do enough—and he struggles to reconcile it with his own memories of the woman he loved. Is it possible he didn't know his wife after all? And can he trust Maria? He can't escape the feeling that she's keeping something from him. Maria is hiding a secret with the power to rock

From the Sunday Times bestselling author Katie Flynn. Three girls, evacuated from Liverpool during World War Two, support each other through hardship and heartbreak. . It's 1939, and three ten-year-old girls meet on a station platform. Imogen, Rita and Debby all missed the original evacuation and now the authorities are finding it difficult to place them. When Auntie and her niece, Jill, who run the Canary and Linnet Public House, offer to take them in, the billeting officer is greatly relieved. The countryside is heaven to the three little townies, especially after they meet Woody and Josh, also evacuees. They find that by climbing to the top of the biggest tree in the beech wood they have a perfect bird's-eye view of the nearest RAF station and are able to watch the comings and goings of the young fighter pilots as the Battle of Britain rages. Then they find an injured flier and the war becomes a stark reality. As they grow up, love and rivalry enter their lives and, twenty years on, when the girls decide on a reunion, many surprises come to light...

The time has come to call it quits, to ask Quebec to leave Canada, and to forge a new nation without it. Time to Say Goodbye is a powerfully argued challenge to Canadians to accept that Quebec's national aspirations can never be satisfied within the confines of Canadian Confederation, and furthermore, continued efforts to accommodate Quebec damage Canada in ways it can no longer afford. Canada without Quebec will be a more prosperous, generous, and hospitable nation than the linguistically and politically distorted one that has emerged from the past twenty years – since the first coming-to-power in Quebec of the Parti Quebecois. Reed Scowen, an anglophone Québécois and former member of the Quebec legislature, argues that Quebec's political identity is based on language and ethnicity. Quebec has become an authentic nation-state. The rest of Canada has no comparable political ideology and will never comfortably accommodate Quebec. While many do not share the caustic view of Quebec Premier Bouchard – that Canada is not a country – many do worry that Canada, without Quebec, will break apart. But Scowen suggests that the breakup of Canada will be more likely the result of the continued, futile manoeuvres to satisfy Quebec's national aspirations. Far better, he argues, to take a positive view: build a country based on the values, traditions, and procedures that the other nine provinces share.
