Describes animals such as rabbits, elephants, and  
chimpanzees, in a book that invites young readers to  
feel a rough and bumpy skinned lizard, a hairy  
orangutan, and a velvety calf.

Readers can touch a variety of textures representing  
animals that live in the jungle, including a tiger's fur, a  
frog's skin, and a snake's scales.

Take a trip through the jungle with a tiger, an elephant,  
and more busy animals in this quirky touch-and-feel  
book. Explore the jungle with a group of happy, noisy  
animals! Meet a snake slithering along the ground, a  
hungry crocodile looking for lunch, a giggling monkey  
swinging through the trees, and an elephant playing at  
the watering hole. Each spread features a die-cut, touch-  
and-feel element that is positioned vertically and is  
visible on the cover and throughout the book. As the  
pages are turned the touch-and-feel elements are  
visible on the left hand page and the right hand page in  
this cleverly designed book!

animals and their mamas! Little ones will love ANIMAL FRIENDS, a touch-and-feel book that's filled with familiar animal friends. Babies can pet the mane of a furry lion, feel the scaly skin of a fish, and much more! Filled with repetitive text and bright, friendly art, this book is perfect for the youngest of readers.

Take a trip to the Jungle! Lift the giant flaps to reveal the jungle animals and touch lots of exciting textures. Feel the toucan's smooth bill, the crocodile's bumpy skin and the tiger's stripy fur. Bright and friendly illustrations from Tiago Americo bring the jungle scenes to life and, with something to spot or count on every page too, each colourful book in the My First Touch and Find series provides lots of fun for older babies and toddlers. Also available in this tactile series: Dinosaurs, Park, Farm, Zoo, Sea, London.

Experts and parents agree that interactive books featuring high-contrast visuals stimulate baby's brain development, as well as keep them engaged and entertained. In line with this maxim, Baby Basics™ books were created to encourage tactile exploration, support hand-eye coordination, and help develop strong cognitive skills. And Xavier Deneux's enchanting illustrations of jungle animals combine with simple words to create an eye-catching book that makes a wonderful gift for babies!

In Where are you? Koala, wander through outback and

woodland to meet a world of amazing Australian animals like wombats and kangaroos. Can you find koala's secret hiding place? Colourful illustrations provide a bold contrast to the natural cardboard pages, making this a book that will stand out on the shelf. Bright habitats surround charming animal animals, making every page a delight. Simple text is ideal for reading aloud, or for young children just starting their reading journeys. Little readers will love running their hands along the fun corrugated cardboard elements and tracing the cut out sections.

Five different textures for little hands to touch and feel make the jungle animals come to life.
