Simple history is part of an ongoing series, what will be the next episode? Designed for children aged 9 -12 Visit the website information: www.simplehistory.co.uk Build your collection today!

Europe went to war in 1914 tot he sound of brass bands and cheering crowds; in every country, civilians and soldiers alike believed that the war would be won by Christmas time. By the time Christmas arrived, however, it became clear that this, indeed, would be a much longer war. In the months and years which followed, combatants perused the war with boundless intensity in order to emerge victorious. This was partially true of Germany where publicists pictured it as a life-and-death struggle for the survival of a nation surrounded by hostile enemies No nation involve din the conflict so completely mobilised its population, its resources, its energies into such a single-minded pursuit of the war. This unusual and incisive account chronicles Germany in World War 1 from the viewpoint of the solders who fought the battles

and civilians who endured the ever increasing trauma of escalating casualties, widespread shortages, and declining conditions of living. It relates how Germany attempted to cope with a massive blockade, the scope of which had not been seen since the days of Napoleon, thus forcing German authorities to adopt a series of sometimes brutal measures, all of which rested on the underlying premise that victory, a clear-cut victory, could be the only acceptable option. *Victory Must Be Ours* explores the Germany which in 1914 took a prestigious leap into darkness. It explores the ingredients which make the Great War perhaps the single most fateful event in the Twentieth Century, setting in motion the most bloody conflict of all time, World War II.

David Stevenson's widely acclaimed history of World War I changes forever our understanding of that pivotal conflict. Countering the commonplace assumption that politicians lost control of events, and that the war, once it began, quickly became an unstoppable machine, Stevenson contends that politicians deliberately took risks that led to war in July 1914. Far from being overwhelmed by the unprecedented scale and brutality of the bloodshed, political leaders on both sides remained very much in control of events throughout. According to Stevenson, the disturbing reality is that the course of the war was the result of conscious choices -- including the continued acceptance of astronomical casualties. In fluid prose, Stevenson has written a definitive history of the man-made catastrophe that left lasting scars on the twentieth century. *Cataclysm* is a truly international history, incorporating new research on previously undisclosed records from governments in Europe and across the world. From the complex network of secret treaties and alliances that eventually drew all of Europe into the war, through the bloodbaths of Gallipoli and the Somme, to the arrival of American forces, and the massive political, economic, and cultural shifts the conflict left in its wake, *Cataclysm* is a major revision of World War I history.

A travel e-guide, includes expert advice and ideas for the best things to see and do in Paris - perfect for a day trip or a short break.
