Tubal Cain, the Secret Password of a Freemason. Nay, even while Adam was alive, it came to pass that the posterity of Cain became exceedingly wicked, every one successively dying one after the other, more wicked than the former. They were intolerable in war, and vehement in robberies; and if any one were slow to murder people, yet was he bold in his profligate behaviour, in acting unjustly, and doing injury for gain.

This spectacular Artist's Proof is from a steel engraving made by John Sartain of a painting by Christian Schussele, The Iron Worker and King Solomon. Made in 1871, it was donated to the Grand Lodge of New York's Library and Museum in the late 1880s. It is quite large, measuring 3 1/2 feet x 2 1/2 feet, and is signed by both C. Schussele and John Sartain.

We, as Masons, know Tubal-cain is depicted as a blacksmith. We do not know when he lived, but probably in the days when primitive man used tools of stone or flint to work naturally-occurring pieces of gold, silver, copper and meteoric iron into weapons, tools and ornaments for use in war or peace. At some stage, man utilized fire to liberate metals from their ores, and there came that magic moment, some thousands of years ago in Mesopotamia, when copper ores bearing tin were smelted; this ...

The real purpose of this research is the exploration of the Bible and its many African hidden secrets. The use of Tubal Cain in Masonic ritual is derived from the old legends of the craft by the operative and then speculative masons; it refers symbolically but historically to his scriptural and traditional reputation as an artificer. Tubal Cain is the 8th man from Adam. In the bible it mentions that Tubal-Cain was the first to manipulate metal. He is quoted as being the first instructor of brass and iron. This Pamphlet will break down and analyze the symbolism behind this sacred password.

The highly readable chapters of this book delve into the history, symbolism and teachings of Freemasonry, enlivened with persona reminiscences and humour.

This work explains the true nature of Freemasonry, why it maintains such secrecy and why it has such an influence upon its members.

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

Everyone remembers that "mean girl" from high school - she was gorgeous, perfectly proportioned, perfectly poised, and perfectly nasty to the rest of us. What most women know but rarely speak about is that the mean girls in high school grow-up to become mean women. While the battlegrounds used to be the school cafeteria or the gym, we grow-up to face mean women at the supermarket, the soccer field, PTA meetings and office parties. The grown-up mean girl may look like a goddess on the surface, but underneath all the layers of expertly applied make-up, designer clothes and disingenuous smile lies a beast lurking, always at the ready to slice and dice other women's self-esteem and dreams. *Ten Things I Still Hate About Those Women* gives a voice to the rest of womankind and empowers each of us to fight back against the goddess in our midst.

"The purpose of this work is not so much to gratify the curiosity of the uninitiated as to furnish a guide for the neophytes of the Order, by means of which their progress from grade to grade may be facilitated. Every statement in the book is authentic, as every proficient Mason will admit to himself, if not to be public, as he turns over its pages. The non-Masonic reader, as he peruses them, will perhaps be puzzled to imagine why matters of so little real importance to society at large should have been so industriously concealed for centuries, and still more surprised that society should have been so extremely inquisitive about them."-From the Preface.
