A turnkey office design and fit out is arranged by the developer or landlord to provide the tenant with a space that's fitted out ready for use. One of the great benefits of a turnkey office development for the tenant is that they are saved the task of appointing and managing suppliers to provide the design and fit-out.

the growing iron ore mines in Australia's northwest. The company's long-established business of building buses and other road transport vehicles continued, as did the arm of Comeng that supplied curtain walling for the high rise buildings around Australia. The company was now the largest rolling stock manufacturer in the Southern Hemisphere.

The primary focus of this text is to provide a bridge for students between the academic world and the real world. This bridge is built through an understanding of what is law, how law is created, how law affects almost every activity of human conduct, and how legal institutions operate. Intended mainly for architectural and engineering students, but increasingly for those in business schools and law schools, this text features a clear, concise, and jargon-free presentation. It probes beneath the surface of legal rules and uncovers why these rules developed as they did, outlines arguments for and against these rules, and examines how they work in practice. Updated with the most recent developments in the legal aspects of architectural, engineering, and the construction processes, this text is also a
