This book serves as a fascinating guide to 100 war films from 1930 to the present. Readers interested in war movies will learn surprising anecdotes about these films and will have all their questions about the films' historical accuracy answered.
• Applies an internationalist perspective to the war film through entries from countries including Britain, France, Germany, Russia, Australia, Japan, Poland, Finland, and Latvia
• Defines great war films as the most artistically accomplished, politically subversive, and thought-provoking, not merely as the most popular or commercially successful, and is therefore a relevant reference for students and film and history buffs
• Provides clearly written and informative histories of the films themselves as well as of the cultural context surrounding the making and reception of them
• Recounts critical controversies and analyzes the ideological biases implicit in these films in its examination of how the films shaped their source material and what they included, distorted, and added or left out

This volume is a collection of articles presented at the conference Translation Studies: Moving In - Moving On in Joensuu, Finland, December 2009. The papers deal with the question of how and under what circumstances target cultures accept or reject concepts, ideas or linguistic features that cross cultural and linguistic borders through translation. The discussions rely on varying empirical data including advertisements, audiovisual translations, encyclopedia as well as translations of literary prose, drama and history texts. As the multiplicity of the data implies, the methodologies used also vary widely from corpus-linguistic methods to analysis of paratexts, and from crosslinguistic analysis of source and target texts to contextualization of target texts in their respective target cultures. The target cultures and languages dealt with in the articles include Catalan, Chinese, Czech, Dutch, English, Finnish, French, German, Italian, Russian and Spanish. Hannu Kemppanen and Pekka Kujam ki are professors in Foreign Languages and Translation Studies at the University of Eastern Finland, Joensuu.Leena Kolehmainen and Esa Penttil work as post-doctoral research fellows at the same department.

This title was first published in 2003. The sixth edition of this compendium of film and television adaptations of books and plays includes several thousand new listings that cover the period from 1992 to December 2001. There are 8000 main entries, covering 70 years of film history, including some foreign language material.

The literature of Finland is bilingual, with lively and extensive traditions in both Finnish and Swedish. This history covers both literary traditions in detail. The volume's first section, on Finnish-language literature, consists of a series of connected chapters by leading authorities within the field. It opens with a consideration of the folk literature in Finnish that flourished during the Middle Ages and then examines the more recent history of Finnish-language literature, with special emphasis placed on writings from the nineteenth and twentieth centuries. The second part of the book provides an examination of Finland's Swedish-language literature from the late fifteenth century through the early nineteenth century. Subsequent chapters trace developments in Finland's Swedish-language literature during the nineteenth and twentieth centuries. A survey of children's literature?from both the Finnish- and Swedish-language traditions?concludes this exceptionally thorough volume.

Suomalaisessa historiantarkirjoituksessa talvisotaa on perinteisesti tutkittu yksittäisinä taisteluina ja kenraalien näkökulmasta koko taistelualuetta silmällä pitäen. Komppanian talvisota - kittiläläiset Kainuun suurtaisteluissa on tietokirja, jossa talvisodan kuuluisia tapahtumia ja taisteluita lähestytään uudesta ja laajalti jo elävän muistin unohtamasta näkökulmasta. Kainuun rintamalla käytyä sotaa tutkitaan tavallisten lappilaisten rivimiesten arjen ja toiminnan kautta. Eversti Hjalmar Siilasvuon johtamiin joukkoihin Suomussalmella, Raateentiellä ja Kuhmossa kuulunut kittiläläinen kiväärikomppania (7. K. / JR 27) avaa kattavan kuvauksen rintamamiesten kokemuksiin koko sodan kaaresta. Heille kuuluisat taistelut eivät olleet yksittäisiä ja irrallisia tapahtumia, vaan toistensa jatkumo, joista muodostui yksi yhtenäinen ja alati muuttuva käsitys sodasta. Kittiläläisille ja muille lappilaisille sotiminen koko talvisodan suurimmat tappiot kärsineessä suomalaisrykmentissä sekä ainoalla loppuun asti voitokkaalla rintamalla antoi vahvan ja erityisen katsannon sotaan, joka erosi monin osin valtakunnan yleisistä ja virallisen luonteen saaneista kokemuksista Teoksessa seurataan kittiläläisten komppaniaa syksyn ylimääräisten kertausharjoitusten kutsunnoista lähtien aina alkukesässä suoritettuun kotitukseen asti. Teoksen päälähteinä on käytetty sodanaikaisia dokumentteja ja arkistolähteitä, joista mainittakoon sotapäiväkirjat, sotapäiväkirjojen liitteet, palveluskantakortit ja siviiliviranomaisten arkistokoelmat. Myös veteraanien omia kirjallisia tuotoksia ja haastatteluja on tutkittu kirjaa varten laajasti. Tekstiä selkiyttämään ja värittämään on teokseen liitetty niin ikään laaja valikoima aikakaudelta peräisin olevia valokuvia ja karttoja.
