How to Extend Your Spouse Visa | A Complete Guide

A Spouse Visa UK application is a complex and often stressful process. In an effort to restrict the number of fake marriages, the UK government have introduced a number of measures intended to confirm that a relationship is genuine. 1 Step Please take the time to read our helpful blog posts, we're here to help with all things immigration.

The Committee is pleased with the relatively high take-up of Forced Marriage Protection Orders-293 issued between November 2008 and February 2011-but disappointed at a lack of agency follow-up to ensure compliance. In the rare instances where breaches are discovered, not enough action is taken, with only one individual jailed. It recommends that the Government, while maintaining this civil route, also criminalises forced marriage, as the Prime Minister promised to consider while in Opposition. This would send a stronger message that forced marriage will not be tolerated. Our predecessors found that many school authorities were reluctant to take action to protect their pupils against forced marriage, in part because they feared accusations of racism. Evidence suggests this situation has not changed and the Secretary of State must take a more pro-active approach to remind schools of their statutory responsibilities and make use of the inspection regime to improve performance. The Committee has repeatedly raised the plight of estranged or abused partners who are under pressure from their families to sign a request for their spouses to have indefinite leave to remain in the UK, or who simply want to be kept informed of the progress of their spouse's application, but are refused this information by the UK Border Agency because of data protection. During its inquiry, the Information Commission confirmed that there are situations in which data protection considerations can legitimately be overridden and the Committee therefore urges the UK Border Agency to encourage staff to use their discretion in these kinds of cases

This is the report of an inquiry into the policy and practice of immigration control, examining entry clearance (visa) system, the granting or refusing of further leave in the UK and the enforcement of immigration control. It considered the degree to which the aims of the Immigration and Nationality Directorate and UK visas are being met; the progress in implementing recommendations from recent reports; and lessons to be learnt from the operation of the current system. Although it is recognised that staff are working hard and diligently there are a number of problems, especially related to fragmentation and lack of communication. The Committee make a number of recommendations including the establishment of a Cabinet Committee and an Independent Immigration Inspectorate; a redrafting of the Immigration Rules and a greater focus on the quality of decision making as opposed to speed.

Shortlisted for the BSA Philip Abrams Memorial Prize 2017 Against long-standing characterizations of British Asians as 'flying the flag' for traditional life, this book identifies an increase in marital breakdown and argues to reorient debates about conservatism and authoritarianism in British Asian families. Qureshi draws on a rich ethnographic study of marital breakdown among working class Pakistani Muslims in order to unpick the grounds of marital conflict, the manoeuvres couples undertake in staying together, their interactions with divorce laws and their moral reasonings about post-divorce family life. Marital Breakdown among British Asians argues against individualization approaches, demonstrating the embeddedness of couples in extended family relations, whilst at the same time showing that Pakistani marriages and divorces do not deviate in all respects from wider marital separation trajectories in Britain. Providing new insights into how marital breakdown is changing the contours of British Asian families, this book will be essential reading for scholars and students, clinicians working in couple or family therapy, social workers and legal practitioners.

Regulating the International Movement of Women interrogates the complex relationship between the state and the normative regulation of women who cross national borders.
