Unknown Pleasures — Joy Division | Last.fm
Reviewed in the United Kingdom on 16 September 2018 This anthology of stories inspired by Joy Division's debut album, Unknown Pleasures is a mini-work of art in it's own right. The book looks great, with the artwork in keeping with Unknown Pleasures, and the book will most likely become a collectors piece, especially for hardened JD fans.

We Were Strangers: Stories Inspired by Unknown Pleasures ...
A friend, Simon Tyler, posted a link to your interesting blog post on the History of Joy Division's "Unknown Pleasures" album art. As I have access to journal archives, I thought I'd check some things that you could not. First, on the Scientific American January 1971 issue (not American Scientific as you had in two placed in your blog): 1.

The History of Joy Division's "Unknown Pleasures" Album ...
I would stand and look out over the roofs of Paris and think, "Do not worry. You have always written before and you will write now." 2. All You Need to Write Is… The blue-backed notebooks, the two pencils and the pencil sharpener (a pocket knife was too wasteful), the marble topped tables, the smell of early morning, sweeping out and mopping, and luck were all you needed.

'The idea of owning anything except the experience is hubris.' Unknown Pleasures is a collection of works by the climber and award-winning author Andy Kirkpatrick. Obsessed with climbing and addicted to writing, Kirkpatrick is a master storyteller. Covering subjects as diverse as climbing, relationships, fatherhood, mental health and the media, it is easy to read, sometimes difficult to digest, and impossible to forget. One moment he is attempting a rare solo ascent of Norway's Troll Wall, the next he is surrounded by the TV circus while climbing Moonlight Buttress with the BBC's The One Show presenter Alex Jones. Yosemite's El Capitan is ever-present; he climbs it alone – strung out for weeks, and he climbs it with his thirteen-year-old daughter Ella – her first big wall. His eye for observation and skilled wordcraft make for laugh-out-loud funny moments, while in more hard-hitting pieces he is unflinchingly honest about past and present love and relationships, and pulls no punches with an alternative perspective of our place in the world. Unknown Pleasures is Andy Kirkpatrick at his brilliant best.

'Genuinely funny: indeed, the story will… keep you entertained for a very long time' Sunday Times Joy Division changed the face of music. Godfathers of the current alternative scene, they reinvented rock in the post-punk era, creating a new sound - dark, hypnotic, intense - that would influence U2, Morrissey, R.E.M., Radiohead and many others. This is the story of Joy Division told by the band's legendary bassist, Peter Hook. 'Hook has restored a flesh-and-blood rawness to what was becoming a standard tale. Few pop music books manage that'Guardian 'An honest, enthusiastic account … It's a window like no other into the reality of life in this most aloof of bands' METRO 'An immense account of Joy Division's rise…Having read Hook's book, you'll feel like you were the fifth member of the band' GQ 'A bittersweet, profanity filled recollection… If you like Joy Division, you really have to read it' Q Magazine 'Hook lifts the lid on the real Ian Curtis' NME 'He's frank, incredibly funny, and isn't shy'Artrocker

Joy Division's career has often been shrouded by myths. But the truth is surprisingly simple: over a period of several months, Joy Division transformed themselves from run-of-the-mill punk wannabes into the creators of one of the most atmospheric, disturbing, and influential debut albums ever recorded. Chris Ott carefully picks apart fact from fiction to show how Unknown Pleasures came into being, and how it still resonates so strongly today. EXCERPT The urgent, alien thwack of Stephen Morris' processed snare drum as it bounced from the left to right channel was so arresting in 1979, one could have listened to that opening bar for hours trying to figure how on earth someone made such sounds. Like John Bonham's ludicrous, mansion-backed stomp at the start of "When The Levee Breaks"-only far less expensive-the crisp, trebly snare sound with which Martin Hannett would make his career announced Unknown Pleasures as a finessed, foreboding masterpiece. Peter Hook's compressed bass rides up front as "Disorder" comes together, but it's not until the hugely reverbed, minor note guitar line crashes through that you can understand the need for such a muted, analog treatment to Hook's line. Layering a few tracks together to create a six-string shriek, Hannett's equalization cuts the brunt of Sumner's fuller live sound down to an echoing squeal, revealing a desperation born of longing rather than rage. This is the way, step inside.

A treasure trove of personal writings by the great post-punk singer-songwriter—with a foreword by his wife Deborah and an introduction by Jon Savage. So This Is Permanence presents the lyrics and personal notebooks of one of the most enigmatic and influential music artists of the late twentieth century, Joy Division's Ian Curtis. The fact of the band's relatively few releases belies the power and enduring fascination its music holds, especially in light of Curtis's tragic suicide in 1980 on the eve of the band's first American tour. This volume features Curtis's never-before-seen handwritten lyrics, accompanied by earlier drafts and previously unpublished pages from his notebooks that shed fascinating light on his writing and creative process. Also included are an insightful and moving foreword by Curtis's widow Deborah, a substantial introduction by writer Jon Savage, and an appendix featuring books from Curtis's library and a selection of fanzine interviews, letters, and other ephemera from his estate.

The SUNDAY TIMES Top Ten Bestseller #1 Book of the Year, UNCUT #1 Book of the Year, ROUGH TRADE A Book of the Year, MOJO Joy Division emerged in the mid-70s at the start of a two-decades long Manchester scene that was to become much mythologised. It was then a city still labouring in the wake of the war and entering a phase of huge social and physical change, and something of this spirit made its way into the DNA of the band. Over the course of two albums, a handful of other seminal releases, and some legendary gigs, Joy Division became the most successful and exciting underground band of their generation. Then, on the brink of a tour to America, Ian Curtis took his own life. In This searing light, the sun and everything else, Jon Savage has assembled three decades worth of interviews with the principle players in the Joy Division story: Bernard Sumner, Peter Hook, Stephen Morris, Deborah Curtis, Peter Saville, Tony Wilson, Paul Morley, Alan Hempsall, Lesley Gilbert, Terry Mason, Anik Honoré, and many more. It is the story of how a band resurrected a city, how they came together in circumstances that are both accidental and extraordinary, and how their music galvanised a generation of fans, artists and musicians. It is a classic story of how young men armed with electric guitars and good taste in literature can change the world with four chords and three-and-a-half minutes of music. And it is the story of how illness and demons can rob the world of a shamanic lead singer and visionary lyricist. This searing light, the sun and everything else presents the history of Joy Division in an intimate and candid way, as orchestrated by the lodestar of British music writing, Jon Savage.

I was aware that I was cold - beyond cold. I was a lump of meat left for too long in a freezer, a body trapped beneath the ice, sinking down into the dark. 'I was freezing to death.' In this brilliant sequel to his award-winning debut "Psychovertical", mountaineering stand-up Andy Kirkpatrick has achieved his life's ambition to become one of the world's leading climbers. Pushing himself to new extremes, he embarks on his toughest climbs yet - on big walls in the Alps and Patagonia - in the depths of winter. Kirkpatrick has more success, but the savagery and danger of these encounters comes at huge personal cost. Questioning his commitment to his chosen craft, Kirkpatrick is torn between family life and the dangerous path he has chosen. Written with his trademark wit and honesty, "Cold Wars" is a gripping account of modern adventure.

Includes full set lists not included in the physical edition. In this final installment of his internationally bestselling three-part memoir—including The Hacienda and Unknown Pleasures—British rocker Peter Hook focuses on the 1980s New Wave and Dance Punk scene and the rise of one of the most influential bands of the Second British Invasion: New Order. 1980. Resurrected from the ashes of Joy Division after the suicide of its lead singer, Ian Curtis, New Order would become one most critically acclaimed and important bands of the decade and beyond. With their hits "Bizarre Love Triangle", "Perfect Kiss", and "Blue Monday"—the biggest-selling 12-inch single of all time—Peter Hook and company quickly rose to the top of the alternative music scene. Widely regarded as the godfathers of electronic dance music, their sound would influence Moby, The Chemical Brothers, The Postal Service, The Killers, and other acts that followed in their wake. Hook tells the complete, unvarnished story of New Order's founding and evolution; the band's experiences in the New York City club scene and rapid rise to international fame, its impact on house music, techno, and rave; and its eventual rancorous dissolution. Full of Hook's "gleefully profane" (Entertainment Weekly) humor and vivid, witty storytelling, Substance is the most important and certainly the most controversial part of his story, emanating with drugs, booze, and sex. Complete with timelines, discographies, gigographies and track-by-track analysis, and exclusive photographs and archival images from Hook's personal collection, it is the definitive, comprehensive history of New Order and a compelling snapshot of the '80s cultural scene in all its neon-hued glory.

A witty, candid, sharply written memoir by the cofounder of Steely Dan In his entertaining debut as an author, Donald Fagen—musician, songwriter, and cofounder of Steely Dan—reveals the cultural figures and currents that shaped his artistic sensibility, as well as offering a look at his college days and a hilarious account of life on the road. Fagen presents the "eminent hipsters" who spoke to him as he was growing up in a bland New Jersey suburb in the early 1960s; his colorful, mind-expanding years at Bard College, where he first met his musical partner Walter Becker; and the agonies and ecstasies of a recent cross-country tour with Michael McDonald and Boz Scaggs. Acclaimed for his literate lyrics and complex arrangements as a musician, Fagen here proves himself a sophisticated writer with his own distinctive voice.

The seventh volume of the Collected Writings of Charles Brockden Brown showcases a comprehensive collection of his poetry. While Brown is well known as a novelist, his poetry has never before been collected and many of the works included in this book appear in print for the first time in two hundred years.

Paul Morley knew Joy Division intimately. He not only wrote extensively and evocatively of the "mood, atmosphere and ephemeral terror" that enveloped the group and their doomed front man, Ian Curtis, but he was present when Curtis suffered his life-changing epileptic seizure following a London concert in April 1980 and was the only journalist permitted to view Curtis' corpse. Joy Division: Piece By Piece encompasses his complete writings on the group, both contemporary and retrospective. In addition to collecting all of Morley's classic works about the band, the book includes his eloquent Ian Curtis obituary and hindsight pieces on the group's significance, framed by an extensive retrospective essay, as well as his reviews of the films 24 Hour Party People and Control. Morley, who emerged from Manchester at the same time as Joy Division, effortlessly evokes that city's zeitgeist and psycho-geography to tell the story of this uniquely intense group.
