Jessica Williams, 31, was left with 70 per cent burns and placed in an induced coma for a month after her house in Seven Sisters, South Wales, was destroyed in the blast on June 24.

THE TRUTH BEHIND THE BBC ' S THREE GIRLS The UK was shocked to its core in May 2012 when a gang of nine men was convicted of the systematic sexual abuse of disadvantaged teenage girls in the Rochdale area. The crimes included counts of rape, aiding and abetting rape, sexual assault and trafficking girls within the UK for sexual exploitation. Yet many childcare experts reckoned these crimes were just the tip of an iceberg of wide scale exploitation occurring across the country. The Deputy Children ' s Commissioner Sue Berelowitz said in June 2012 that there ' isn't a town, village or hamlet in which children are not being sexually exploited ' . When this book went to press, a gang of men similar to those convicted in Rochdale stood trial for similar crimes in Oxford. Award-winning journalist Kris Hollingtontells the inside story of some of the most shocking and heartbreaking crimes of recent years, focusing on the Rochdale case but also analysing recent cases in the London area that echo the brutality of organised slavery. He seeks to expose how the British justice system is failing to protect children in the 21st century and to answer the question: ' What is happening in Britain that means young vulnerable girls can be exploited in this way? ' It is a scandal that cannot be ignored.

Conversations about Calling explores management perspectives of the calling construct. Using Max Weber ' s seminal work, The Protestant Ethic and the Spirit of Capitalism, as a starting point, Myers seeks to enrich management perspectives of calling by integrating the contributions of other disciplines to the literature on calling. While the word 'calling' is casually used as shorthand for 'my ideal job', the calling concept has provoked deeper and varied interest among the secular and spiritual circles of both scholars and practitioners. Structured around the idea of four conversations, the book aims to promote a holistic examination of calling. Each conversation has a different focus, elucidating important dimensions of calling, and together they provide a truly comprehensive view. Part I of the book examines existing conversations in management, while part II explores calling across disciplines and eras, from the 1500s to the present. Finally, part III unifies all conversations in a comprehensive theory, then discusses its application and implications for practitioners and organizations. With a strong theoretical grounding, the book also incorporates practical applications supported by case studies. Anyone interested in ethics or management and spirituality will benefit from reading this book. Please visit www.conversationsaboutcalling.com to rate the book and write a review.

'Victorian Sensation' sheds light on the Victorians' fascination with celebrity culture and their obsession with gruesome and explicit reportage of murders and sex scandals. With a vivid cast of characters, ranging from the serial poisoner William Palmer, to Charles Dickens, Jumbo the Elephant, distinguished politicians and even the Queen herself, this passionate analysis of the period reveals how the reporting methods of our own popular media have their origins in the Victorian press, and shows that sensation was as integral a part of society in the nineteenth century as it is today.

Four years ago, Lady Cecelia Campbell fell head over heels in love with Lord Rupert Marlowe, the young Earl of Stanhope. Everybody knew they would marry and live happily ever after. But then Rupert did the unthinkable. He enlisted as an officer in the army and left England for a post in South Africa. Cecelia was left alone in England, loving, yearning, and worrying about him from a distance. Now Rupert has returned. He is ready to take up his seat in the House of Lords, to assume the administration of the Stanhope estate from his mother, Lady Katya, and most importantly of all, to finally marry Cecelia. Cece isn't the same woman Rupert left behind, however. She has grown and flourished and become a woman of strength and opinion. And she's not going to sit back and let Rupert get away with leaving her for so long. But when Cece takes a stand and declares her independence in a very public way, the scandal her defiance causes blows every expectation for her future happiness with Rupert to smithereens. It also gains her an exclusive invitation to join the elite group of politically-minded women known as the May Flowers. But the May Flowers are a group of shocking, defiant, sometimes wicked women. They are a bundle of scandals waiting to happen. Can Rupert convince the new, more powerful Cecelia to forgive him for abandoning her, and can he woo her all over again? Will the scandal of their break-up tear them apart forever, or will it make their love stronger...and hotter?PLEASE BE ADVISED: Steam level - very spicy!THE MAY FLOWERS series is a continuation of THE SILVER FOXES OF WESTMINSTER series, involving the younger generation. The author's aim is to help thinking lay persons and people preparing sermons to apply NT ethics within a modern culture, while still remaining faithful to the text - by taking into account the ancient culture. This is high quality scholarship at a very accessible level. Over the centuries, Jesus's teaching on ethical matters has often become muted and distorted. This book sets the matter straight. Here are 30 areas of ethical debate: in each context Jesus offered insights which would have left his contemporaries agape. They range from singleness (rare: could Jesus be trusted?) to abortion (unwanted children were strangled, and the early church notably took a strong stance against this practice) to sexual immorality (the NT church had an unusually high number of people who had been sexually promiscuous) to boasting (Jesus taught his disciples to take lowly titles as he did for himself, but the church ignored him).

These fifty-two spiritual reflections cover a variety of topics that will be of interest to the spiritually curious who want to know more about Christ, the Black Church, Urban America, and even, the late rapper, poet, and actor, Tupac Shakur. Some entries are autobiographical testimonies; others are short theological essays. Most offer the reader ways to apply biblical truth to life ' s situations; and more than a few include a social critique of the worst elements of American culture, coupled with references to noteworthy people and events in African American history. Each entry will provide food for the mind, heart, and soul. The title of this book was inspired by the powerful metaphor depicted in Shakur ' s famous poem about a rose that resiliently grows up above unyielding forces—forces meant to suppress its potential. These essays originally were crafted through the author ' s weekly discipline of preparing spiritual reflections for publication in his congregation ' s Sunday morning worship bulletin. What is presented here are expanded or modified versions of these weekly entries. Though none were, or are sermons, together, they are presented in the chronology and thematic focus that Pastor Bryant normally lifts up during the cycle of a year of preaching. The themes reflect those liturgical celebrations that are recognized in many African American mainline congregations from January to December: Epiphany, Black History Month, Lent, Easter, Mother ' s Day, Pentecost, Father ' s Day, Women ' s Day, Ordinary Time, Youth Sunday, Stewardship Month, Senior ' s Day, Friends and Family Sunday, Men ' s Day, Advent, Christmas, Kwanzaa, and Watch Night. It is the author ' s hope that these pastoral essays, each one like a rose ascending and pushing upward, will exalt the beauty of Christ, the strength of faith, the power of the Word of God, and the fascinating story of what God has done and is doing in the world, especially through the lives of those who have been, in the words of the Negro Spiritual, " buked and scorned...and talked about as sure as you were born. "

This two-part volume contains a comprehensive collection of original studies by well-known scholars focusing on the Bible ' s wide-ranging reception in world cinema. It is organized into sections examining the rich cinematic afterlives of selected characters from the Hebrew Bible and New Testament; considering issues of biblical reception across a wide array of film genres, ranging from noir to anime; featuring directors, from Lee Chang-dong to the Coen brothers, whose body of work reveals an enduring fascination with biblical texts and motifs; and offering topical essays on cinema ' s treatment of selected biblical themes (e.g. lament, apocalyptic), particular interpretive lenses (e.g., feminist interpretation, queer theory), and windows into biblical reception in a variety of world cinemas (e.g., Indian, Israeli, and Third Cinema). This handbook is intended for scholars of the Bible, religion, and film as well as for a wider general audience.
