First published in 1994, this book was hailed as a cutting-edge, theory-driven report from the front-line trenches in the battle for social justice. Both clinical and community oriented and written from a global perspective, it presents clients speaking for themselves alongside reports of prominent social work educators. This new edition puts greater emphasis on "how-to" skills in working with people toward their own empowerment and stresses multiculturalism. A new chapter identifies worldwide issues of

Designed to make the topic of psychopharmacology accessible to students in the helping professions, this concise book assists future practitioners in mastering basic concepts and applying these concepts to cases. In-depth discussions of psychopharmacology topics-- including basic principles of psychopharmacology, commonly prescribed psychotropic drugs for adults, and psychotropic medications prescribed to children--are structured around the three

core parts of the book. Psychological, cultural, and social issues related to psychopharmacology are also addressed. Case examples, study questions, and bolded key terms appear throughout the book to support and facilitate comprehension.

PSYCHOPHARMACOLOGY FOR MENTAL HEALTH
PROFESSIONALS, Second Edition, includes new material on psychosocial treatments that complement the most prescribed medications, expanded discussion of medication of children and the elderly, a new chapter on drug replacement therapies, reference to changes in the DSM-5, and more. War and Drugs explores the relationship between military incursions and substance use and abuse throughout history. For centuries, drugs have been used to weaken enemies, stimulate troops to fight, and quell post-war trauma. They have also served as a source of funding for clandestine military and paramilitary activity. In addition to offering detailed geopolitical perspectives, this book explores the intergenerational

trauma that follows military conflict and the rising tide of substance abuse among veterans, especially from the Vietnam and Iraq-Afghan eras. Addiction specialist Bergen-Cico raises important questions about the past and challenges us to consider new approaches in the future to this longest of US wars.
