After all, it may have been Halo who fell from grace, but it's only a matter of time before Viper falls for an angel. This book provides an important tool of financial control to entrepreneurs of Micro, Small and Medium Enterprises. It is common knowledge that all entrepreneurs do not possess expert financial control abilities due to lack of understanding or lack of education in finance. This is not an issue because every entrepreneur is not expected to be a financial expert. He normally depends on external help from financial experts in the field. However these experts are not solely devoted to his business alone. Hence they provide support only on piecemeal basis and that too only when asked for. Hence what happens is that in many cases financial harm is already done by the time the entrepreneur approaches the consultant for help. This book equips the entrepreneur to manage the finances of his company on a proactive basis. It provides the entrepreneur practical and easy means of collecting data from the Accounts Department, checking and comparing against desired criteria. The book contains useful forms in which data can be collected on daily, weekly and monthly basis. As this log book will remain with the entrepreneur, he can carry it wherever he goes and discuss the results with his consultants and advisors. This book will also go a long way in inculcating timeliness and discipline among the Accounts Department staff and keep them on their toes and always updated. I am sure that this book will be a great support to entrepreneurs of micro, small and medium enterprises.

Written by USA Today bestselling author, Cassie Alexandra. Dom knew that he was in for some challenges when he became the new V.P. for the Gold Vipers, St. Paul Chapter. What he wasn't prepared for, however, was a phone call from a woman, claiming that he was the father of her dead sister's daughter, Ruby. Even with his psychic abilities, he never saw that one coming... Meanwhile, the club seeks vengeance against the Blood Angels, the guys responsible for murdering their former president, Tom. This book is related to The Biker series, but it concentrates mainly on the St. Paul Chapter of the Gold Viper's club. This story contains crude language, sexual situations, and violence. Is not suitable for readers under the age of 18. Please do not buy if any of this offends you. This is a work of fiction and is not meant to be a true depiction of a motorcycle club. It was written for entertainment only.
