Intent-Based Networking (IBN), you can create networks that capture and automatically activate business intent, assure that your network responds properly, proactively detect and contain security threats, and remedy network issues before users even notice. Intent-Based Networking makes networks far more valuable, but few organizations have the luxury of building them from the ground up. In this book, leading expert Pieter-Jans Nefkens presents a unique four-phase approach to preparing and transforming campus network infrastructures, architectures, and organization—helping you gain maximum value from IBN with minimum disruption and cost. The author reviews the problems IBN is intended to solve, and illuminates its technical, business, and cultural implications. Drawing on his pioneering experience, he makes specific

recommendations, identifies pitfalls, and shows how to overcome them. You'll learn how to implement IBN with the Cisco Digital Network Architecture and DNA Center and walk through real-world use cases. In a practical appendix, Nefkens even offers detailed technical configurations to jumpstart your own transformation. Review classic campus network deployments and understand why they need to change Learn how Cisco Digital Network Architecture (DNA) provides a solid foundation for state-of-the-art next generation network infrastructures Understand "intent" and how it can be applied to network infrastructure Explore tools for enabling, automating, and assuring Intent-Based Networking within campus networks Transform to Intent-Based Networking using a four-phased approach: Identify challenges; Prepare for Intent; Design and Deploy; and Enable

For years Cameron has hidden behind a façade of normalcy, warned there were those who would do her harm should they uncover the truth...that she is a mind reader. She never imagined her biggest threat would come from the parents she thought dead. Cameron's life changes dramatically when she's abducted by her mother, a woman she hasn't seen in thirteen years. Even more shocking is the truth... Cameron's mother leads a group of rogue mind readers and their number one enemy is Cameron's very own father. Everyone has their own agenda and Cameron is caught in the middle, unsure who to trust. But one thing is clear, war looms on the horizon and in order to save those she loves, Cameron must not only

[[The book that] made headlines around the world.' Independent He has lived his whole life in the public eye, yet he remains an enigma. He was born to be king, but he aims much higher. A landmark publication, Charles: The Heart of a King reveals Prince Charles in all his complexity: the passionate views that mean he will never be as remote and impartial as his mother; the compulsion to make a difference and the many and startling ways in which the heir to the throne of the United Kingdom and fifteen other realms has already made his mark. The book offers fresh and fascinating insights into the first marriage that did so much to define him and an assessment of his relationship with the woman he calls, with unintended accuracy, his 'dearest wife': Camilla. We see Charles as a father and a friend, a serious figure and a joker. Life at court turns out to be full of hidden

dangers and unexpected comedy.

Poignant, funny and often surprising, the first significant study of the Prince in over a decade reveals a man in sight of happiness yet still driven by anguish and a remarkable belief system, a charitable entrepreneur, activist, agitator and avatar of the Establishment who just as often tilts against it. Based on multiple interviews with his friends and courtiers, palace insiders and critics, and access to Charles himself during research lasting more than a year, this biography explores the Prince's philanthropy and his compulsive interventionism, his faith, his political leanings and the philosophy that means when he seeks harmony he sometimes creates controversy. Gripping, at times astonishing, often laugh-out-loud, this is a royal biography unlike any other.
