Learn how to sit, stay, and roll over with this fully illustrated, " delightful " guide to yoga starring man ' s best friend (Shutterbug magazine). Inspired by a friend ' s mastiff who would imitate his master ' s morning yoga routine, photographer Dan Borriss created Yoga Dogs, a full-color collection of forty-five different dogs and puppies doing human yoga poses. Don ' t worry: No animals were harmed during the making of these images; their extreme flexibility is the result of clever digital trickery. The curious, humorous, and distinctly original pictures are paired with useful information about the poses, as well as some funny canine meditations. A fun, funny, yet practical gift book containing 100 removable stickers that congratulate supposed grown-ups on a job well done... or at least a job done. Despite official reports, members of Generation X and younger feel completely and totally ill-prepared to deal with anything. They still, as purportedly self-sufficient adults, look toward Baby Boomers and the Greatest Generation and think, How did they do that? So the easiest and best way to find comfort is to look not ahead at uncertainty (or, heaven forbid, around at the chaos currently surrounding them), but to the past to their simpler childhoods. The generation who championed the coloring book-as-relaxation trend grew up in a world in which they spent hours obsessing over, trading, and decorating with stickers. And it is with brightly colored stickers that they will finally find peace of mind. For a little while, at least. Filled with 100 full-color removable stickers that can be used to decorate journals, notebooks, or your lapel to proudly and publicly proclaim life ' s little victories. I Adulted! is the ideal nostalgic and practical book for anyone who feels a sense of accomplishment by making it through a day without calling their mother for help.
