This is a book of reflections by A.A. members for A.A. members. It was first published in 1990 to fulfill a long-felt need within the Fellowship for a collection of reflections that moves through the calendar year--one day at a time. Each page contains a reflection on a quotation from A.A. Conference-approved literature, such as Alcoholics Anonymous, Twelve Steps and Twelve Traditions, As Bill Sees It and other books. These reflections were submitted by members of the A.A. Fellowship who were not professional writers, nor did they speak for A.A. but only for themselves, from their own experiences in sobriety. Thus the book offers sharing, day by day, from a broad cross section of members, which focuses on the Three Legacies of Alcoholics Anonymous: Recovery, Unity and Service. Daily Reflections has proved to be a popular book that aids individuals in their practice of daily meditation and provides inspiration to group discussions even as it presents an introduction for some to A.A. literature as a whole.

The Suzuki Method of Talent Education is based on Dr. Shinichi Suzuki's view that every child is born with ability, and that man is the son of his environment. Students are taught using the "mother-tongue" approach. Suzuki Guitar School materials include: Guitar Part (Vol. 1-7) \* Guitar Accompaniments (Vol. 1) \* CD (Vol. 1-4). Suzuki Method Core Materials are available for piano, violin, viola, cello, string bass, flute, harp, guitar, and recorder.

This book is the cornerstone upon which to build any Suzuki-oriented library. In it the author presents the philosophy and principles of Suzuki's teaching methods. Through the examples from his own life and teaching, Suzuki establishes his case for early childhood education and the high potential of every human being, not just those seemingly gifted.

Practice, motivation, learning, nutrition, competition and family lifestyles are a few of the topics discussed by these experienced teachers, performers, and parents. Treasured as a handbook by many Suzuki parents!

Recommended for parents of Suzuki Method® students. In this sequel to Nurtured by Love, Dr. Suzuki states that "the fate of the child is in the hands of his parents." With this book he shows how to create a warm environment which will encourage any child to become a happy, loving and talented human being.
