Warren Buffett is an interesting man, has had an interesting life and has been incredibly successful as an investor. He shares his life story and life lessons in this book. He knew as a child that he would be a wealthy man.

Warren Buffett: The Life, Lessons & Rules For Success He's been consistently voted one of the wealthiest people in the world. Time Magazine also voted him as one of the most influential people in the world; widely considered to be the most successful investor of the entire 20th century. In short, Warren Buffett is a boss. The man knows a thing or two about success. With a net worth of \$77.1 billion, the billionaire investor's fabled business acumen has inspired everything from investment books to college courses. He is known to favor long-term investment strategies, like dollar cost averaging, which encourages the regular purchase of the same investment over time. He also has long-standing holdings in the Coca-Cola Company, Apple, and American Express among others. His now infamous letters to Berkshire Hathaway shareholders help shed light into how the man they call the "Oracle of Omaha," reads the tea leaves. This book takes a look at Buffett's life. From humble beginnings in Omaha, up to present day where the 86 year old is still going strong. We take a look at his first taste of business at the ripe old age of 6, following on with his major successes and failures along the way. The aim of this book is to be educational and inspirational with actionable principles you can incorporate into your own life straight from the great man himself. **\*INCLUDING\* 25 Most Memorable Quotes & 15 Success Principles to Live by** Don't wait, grab your copy today!

Using the letters Warren Buffett wrote to his partners between 1956 and 1970, a veteran financial advisor presents the renowned guru's "ground rules" for investing—guidelines that remain startlingly relevant today. In the fourteen years between his time in New York with value-investing guru Benjamin Graham and his start as chairman of Berkshire Hathaway, Warren Buffett managed Buffett Partnership Limited, his first professional investing partnership. Over the course of that time—a period in which he experienced an unprecedented record of success—Buffett wrote semiannual letters to his small but growing group of partners, sharing his thoughts, approaches, and reflections. Compiled for the first time and with Buffett's permission, the letters spotlight his contrarian diversification strategy, his almost religious celebration of compounding interest, his preference for conservative rather than conventional decision making, and his goal and tactics for bettering market results by at least 10% annually. Demonstrating Buffett's intellectual rigor, they provide a framework to the craft of investing that had not existed before: Buffett built upon the quantitative contributions made by his famous teacher, Benjamin Graham, demonstrating how they could be applied and improved. Jeremy Miller reveals how these letters offer us a rare look into Buffett's mind and offer accessible lessons in control and discipline—effective in bull and bear markets alike, and in all types of investing climates—that are the bedrock of his success. Warren Buffett's Ground Rules paints a portrait of the sage as a young investor during a time when he developed the long-term value-oriented strategy that helped him build the foundation of his wealth—rules for success every investor needs today.

Known as "the Oracle," Warren Buffett, one of the world's wealthiest men, has led a unique and fascinating life. In many ways, Warren Buffett is not the typical billionaire, and his life sheds light on how his mind works, whether it's business or in his everyday life. All billionaires start somewhere, and Warren Buffett's childhood in Nebraska paved the way for a bright future. Buffett always had an interest in stocks, and at only 11, bought six shares of a stock for himself and his sister. This future-focused mindset can also be seen in his work as a newspaper delivery boy, and purchase of a farm as a high schooler. This book explores his various financial pursuits, and how he always had a keen eye for business and saving. Buffett almost didn't attend college, but his father insisted. Sometimes our parents do know best. Buffett wanted to focus on his businesses, but his father made him attend school. He graduated from the University of Nebraska-Lincoln, and then went to Columbia Business School. It would prove to be a wise move and provide invaluable connections to the world Buffett wanted to be a part of. Buffett meets Benjamin Graham. As a young man, Buffett followed the path of investor Benjamin Graham. He had attended Columbia when he found out Graham taught there, and once Buffett discovered that Graham was on the board of GEICO, he traveled to Washington D.C. to try and find him. Buffett ended up meeting GEICO's vice president, and started a lifelong friendship. Buffett also connected with Graham, who refused to let Buffett work for him for free, and discouraged the eager young man from working on Wall Street. Buffett would soon end up working for Graham's partnership. Buffett becomes a millionaire and returns to the newspaper business. So, how did one of the world's richest men achieve that distinction? It was initially because of his partnerships, and once he bought and transformed Berkshire Hathaway, it became what Buffett is known for. Today, the conglomerate owns GEICO and Fruit of the Loom entirely, and over 25% of Kraft Heinz. Since he was a child, Buffett always liked to have a variety of investments going at once. In the late 1970's, Berkshire Hathaway bought Buffalo Evening News. In the 2000's, the newspaper purchases ramped up and bought over 60 newspapers. From a delivery boy to a baron, Buffett epitomizes every paperboy's dream. The love life of Warren Buffett is one of the most unique aspects of his life. Around the time Buffett was meeting Ben Graham and making business connections, he married Susie Thompson in 1952, and together they would have three children. However, Susie's love of music led her to San Francisco, leaving Buffett behind. They didn't divorce, and would even go on vacations together and work with charitable organizations. It was Susie that introduced Buffett to Astrid Menks, who would become Warren's romantic partner. Rather than split them apart, Astrid simply joined the couple, and they would even sign Christmas cards together. Not your typical billionaire, Warren Buffett is not only known for his wealth, but for his activism for economical equality. He's also not your typical billionaire, and

rarely makes extravagant purchases. He doesn't even use a smartphone. At age 86, he's beaten prostate cancer and has made it a goal to give away his fortune before he dies. This book is perfect for anyone who wants to know more about Warren Buffett's business genius, but also about how he thinks and views life. He proves that a person doesn't need to lose their soul to gain the world

Do you want to understand the principles, thought process, strategies, and mindset behind the enigma that is Warren Buffett? Warren Buffett: An Extraordinary Life, covers it all. From early childhood days as an entrepreneur who sold bottles of Coca-Cola at the ripe old age of 6, to his climb as the world's most successful investor. It offers an account of his investment strategies, mindset, and attitude towards success, money and life. Key takeaways include: Powerful lessons from Warren Buffett's life that can be implemented into your own. His early foray into the world of business Little known facts about Warren Buffett's life that will blow you away (he doesn't own a smartphone by the way) The history of Berkshire Hathaway and how it rose to glory under Buffett's leadership Warren Buffett's rules for success And much more. Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 The Snowball is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, The Snowball is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to be the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £ 50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. The Snowball provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.

As in previous editions of The Essays of Warren Buffett, this one retains the architecture and philosophy of the original edition but adds selections from Warren Buffett's most recent annual shareholder letters. All the letters are woven together into a fabric that reads as a complete and coherent narrative of a sound business and investment philosophy. As an aid to all readers, and to enable readers of the previous editions to see what is new in this one, a disposition table at the end of the book shows the various places in this collection where selections from each year's letter appear. Footnotes throughout indicate the year of the annual report from which essays are taken. To avoid interrupting the narrative flow, omissions of text within excerpts are not indicated by ellipses or other punctuation. This new edition is called for not because anything has changed about the fundamentals of Buffett's sound business and investment philosophy but because articulation of that philosophy is always delivered in the context of contemporary events and business conditions so periodic updating is warranted to maintain its currency

He knocked Bill Gates from the coveted spot of 'richest man in the world' in October 2017 and has held that position ever since. In 2018 alone, his wealth as of June has grown by almost \$40 billion dollars. He founded the world's largest online retailer, and now wants to make it possible for humans to colonize space. In short, Jeff Bezos is the man. In this book we take a look at the life of Jeff Bezos. From humble beginnings in Albuquerque to present day CEO of Amazon. The book takes a look at the inspirations and influences that make Jeff Bezos the man he is today, and his approach towards life that has ensured the success he is now known for. The aim of this book is to not only give you a glimpse into the life of the world's richest man, but to also inspire and teach you some of the success principles that have guided Jeff Bezos so far. Ready to learn from the richest man ever? Let's dive in. \*INCLUDING\* 18 Little known facts & 10 Success Principles to live by Don't wait, grab your copy today!

#1 NEW YORK TIMES BESTSELLER • “ The clearest and best book out there to get you on the path to riches. This one ’ s special! ” —Jim Cramer, host of CNBC ’ s Mad Money “ Great tools for anyone wanting to dabble in the stock market. ” —USA Today Phil Town is a very wealthy man, but he wasn ’ t always. In fact, he was living on a salary of \$4,000 a year when some well-timed advice launched him down a highway of investing self-education that revealed what the true “ rules ” are and how to make them work in one ’ s favor. Chief among them, of course, is Rule #1: “ Don ’ t lose money. ” In this updated edition to the #1 national bestseller, you ’ ll learn more of Phil ’ s fresh, think-outside-the-box rules, including: • Don ’ t diversify • Only buy a stock when it ’ s on sale • Think long term—but act short term to maximize your return • And most of all, beat the big investors at their own game by using the tools designed for them! As Phil demonstrates in these pages, giant mutual funds can ’ t help but regress to the mean—and as we ’ ve all learned in recent years, that mean could be very disappointing indeed. Fortunately, Rule #1 takes readers step-by-step through a do-it-yourself process, equipping even the biggest investing-phobes with the tools they need to make quantum leaps toward financial security—regardless of where the market is headed.

Praise for Damn Right! From the author of the bestselling WARREN BUFFETT SPEAKS. . . "Charlie Munger, whose reputation is deep and wide, based on an extraordinary record of brilliantly successful business strategies, sees things that others don't. There is a method to his mastery and, through this book, we get a chance to learn about this rare individual." -MICHAEL EISNER, Chairman and CEO, The Walt Disney Company "Janet Lowe uncovers the iconoclastic genius and subtle charm behind Charlie Munger's curmudgeonly facade in this richly woven portrait of our era's heir to Ben Franklin. With a biographer's detachment, an historian's thoroughness, and a financial writer's common sense, Lowe produces a riveting account of the family, personal, and business life of the idiosyncratically complex and endlessly fascinating figure." -LAWRENCE CUNNINGHAM, Cardozo Law School, Author of The

Essays of Warren Buffett: Lessons for Corporate America "For years, Berkshire Hathaway shareholders and investors worldwide (me included) have struggled to learn more about Warren Buffett's cerebral sidekick. Now we can rest and enjoy reading Janet Lowe's book about this rare intellectual jewel called Charlie Munger." -ROBERT G. HAGSTROM, Author of The Warren Buffett Way "Charlie has lived by the creed that one should live a life that doesn't need explaining. But his life should be explained. In a city where heroism is too often confused with celebrity, Charlie is a true hero and mentor. He lives the life lessons that he has studiously extracted from other true heroes and mentors, from Ben Franklin to Ben Graham. This book illuminates those life lessons." -RONALD L. OLSON, Munger, Tolles & Olson llp "Janet Lowe's unprecedented access to Charlie Munger and Warren Buffett has resulted in a first-class book that investors, academics, and CEOs will find entertaining and highly useful." -TIMOTHY P. VICK, Money Manager and Author of How to Pick Stocks Like Warren Buffett
