Wars of the Roses - Wikipedia

Wars of the Roses, (1455 – 85), in English history, the series of dynastic civil wars whose violence and civil strife preceded the strong government of the Tudors. Fought between the houses of Lancaster and York for the English throne, the wars were named many years afterward from the supposed badges of the contending parties: the white rose of York and the red rose of Lancaster.

The War of the Roses (also known as War of the Roses) is a 1989 American black comedy film based upon the 1981 novel of the same name by Warren Adler. The film follows a wealthy couple with a seemingly perfect marriage. When their marriage begins to fall apart, material possessions become the center of an outrageous and bitter divorce battle.

The author of the New York Times bestseller *The Plantagenets* and *The Templars* chronicles the next chapter in British history—the historical backdrop for *Game of Thrones*. The inspiration for the Channel 5 series *Britain's Bloody Crown*, the crown of England changed hands five times over the course of the fifteenth century, as two branches of the Plantagenet dynasty fought to the death for the right to rule. In this riveting follow-up to *The Plantagenets*, celebrated historian Dan Jones describes how the longest-reigning British royal family tore itself apart until it was finally replaced by the Tudors. Some of the greatest heroes and villains of history were thrown together in these turbulent times, from Joan of Arc to Henry V, whose victory at Agincourt marked the high point of the medieval monarchy, and Richard III, who murdered his own nephews in a desperate bid to secure his stolen crown. This was a period when headstrong queens and consorts seized power and bent men to their will. With vivid descriptions of the battles of Towton and Bosworth, where the last Plantagenet king was slain, this dramatic narrative history revels in bedlam and

Acces PDF Wars Of The Roses The Soldiers Experience Revealing History

intrigue. It also offers a long-overdue corrective to Tudor propaganda, dismantling their self-serving account of what they called the Wars of the Roses.

Lancaster and York. For much of the fifteenth century, these two families were locked in battle for control of the British monarchy. Kings were murdered and deposed. Armies marched on London. Old noble names were ruined while rising dynasties seized power and lands. The war between the royal House of Lancaster and York, the longest and most complex in British history, profoundly altered the course of the monarchy. In *The Wars of the Roses*, Alison Weir reconstructs this conflict with the same dramatic flair and impeccable research that she brought to her highly praised *The Princes in the Tower*. The first battle erupted in 1455, but the roots of the conflict reached back to the dawn of the fifteenth century, when the corrupt, hedonistic Richard II was sadistically murdered, and Henry IV, the first Lancastrian king, seized England's throne. Both Henry IV and his son, the cold warrior Henry V, ruled England ably, if not always wisely--but Henry VI proved a disaster, both for his dynasty and his kingdom. Only nine months old when his father's sudden death made him king, Henry VI became a tormented and pathetic figure, weak, sexually inept, and prey to fits of insanity. The factional fighting that plagued his reign escalated into bloody war when Richard Plantagenet, Duke of York, laid claim to the throne that was rightfully his--and backed up his claim with armed might. Alison Weir brings brilliantly to life both the war itself and the historic figures who fought it on the great stage of England. Here are the queens who changed

Acces PDF Wars Of The Roses The Soldiers Experience Revealing History

history through their actions--the chic, unconventional Katherine of Valois, Henry V's queen; the ruthless, social-climbing Elizabeth Wydville; and, most crucially, Margaret of Anjou, a far tougher and more powerful character than her husband,, Henry VI, and a central figure in the Wars of the Roses. Here, too, are the nobles who carried the conflict down through the generations--the Beauforts, the bastard descendants of John of Gaunt, Richard Neville, Earl of Warwick, known to his contemporaries as "the Kingmaker"; and the Yorkist King, Edward IV, a ruthless charmer who pledged his life to cause the downfall of the House of Lancaster. The Wars of the Roses is history at its very best--swift and compelling, rich in character, pageantry, and drama, and vivid in its re-creation of an astonishing, dangerous, and often grim period of history. Alison Weir, one of the foremost authorities on the British royal family, demonstrates here that she is also one of the most dazzling stylists writing history today.

The Wars of the Roses raged from 1455 to 1485 - the longest period of civil war in English history. They barely affected the daily routine of the civilian population, yet for the leaders of the opposing houses of York and Lancaster, the wars were devastating. First hand accounts reveal how the lives of their women and children were blighted during three decades of war, as many of their male relatives met with violent deaths. This book examines in detail the causes, course and results of each of the main wars and concludes with a fascinating insight into why the wars ended so abruptly.

This book presents a truly coherent account of the Wars of the Roses.

In this new edition of The Wars of the Roses, A.J. Pollard has incorporated new research and consideration of the debates which have emerged from the first edition.

A riveting account of the Wars of the Roses, focusing on the human side of the story. The war between the houses of Lancaster and York for the throne of England was characterized by treachery, deceit and, at St. Albans, Blore Hill and Towton, some of the bloodiest and most dramatic battles on England ' s soil. Between 1455 and 1487, the royal coffers were bankrupted and the conflict resulted in the downfall of the

House of Lancaster and the House of York, and the emergence of the illustrious Tudor dynasty. Alison Weir ' s lucid and gripping account focuses on the human side of history, on the people and personalities involved in the conflict. At the centre of the book stands Henry VI, the pious king whose mental instability led to political chaos; Richard Plantagenet, Duke of York and Henry ' s rival; and most important of all, Margaret of Anjou, Henry ' s wife who took up arms in her husband ' s cause and battled for many years in a violent man ' s world.

It was the period when the French beat the English and the English fought among themselves. Traditional historians have glossed over it, considering it the time that wrecked Britain's military greatness. But Gillingham elegantly separates myth from reality, arguing that, paradoxically, the wars actually proved how peaceful the country was. His gifted graphic description makes this exciting and dramatic throughout. “ Incisively written and highly readable. ” —Sunday Times. “ Gillingham informs us...with such verve, with and intelligence that we are left dazzled and delighted. ” —History.
