An authoritative account of Western civilizations. The Western Heritage provides the broadest possible introduction to Western civilization in a strong, clear narrative. It fosters lively debate about the West, defines how the West has interacted with other cultures, and shows how Western civilization can be used to understand global challenges today. The text integrates social, cultural, and political history, and it provides a flexible presentation to accommodate different teaching and learning approaches. The 11th edition is tied closely to MyHistoryLab, with icons connecting the main narrative to an array of MyHistoryLab resources, including documents, video segments, and interactive maps. The authors welcome Alison Frank, professor of history at Harvard University, to their team for this edition. A better teaching and learning experience This program will provide a better teaching and learning experience--for you and your students. Here's how: Personalize Learning -- The new MyHistoryLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking -- Chapter opening and end-of-chapter study resources help

Presenting both the histories and the prevalent worldviews of the major world religions, Matthews's *WORLD RELIGIONS, Seventh Edition*, methodically introduces students to the richness and diversity of these traditions. The *Worldview* sections in particular make this the most helpful textbook for comparative analyses of the religions. In these sections, students can see how the different religions approach a common set of ten themes that are fundamental to all traditions, including the nature of the Absolute, the place of

humans in the world, rituals and symbols, and the prospects for life after death. Furthermore, this text combines insightful, engaging prose with maps, photographs, timelines, excerpts from sacred texts, and other helpful pedagogical aids that provide a comprehensive yet accessible survey of world religions. Warren Matthews's thoughtful and balanced approach depicts the unique traditions and perspectives of diverse world religions with objectivity and respect. How Things Work provides an accessible introduction to physics for the non-science student. Like the previous editions it employs everyday objects, with which students are familiar, in case studies to explain the most essential physics concepts of day-to-day life. Lou Bloomfield takes seemingly highly complex devices and strips away the complexity to show how at their heart are simple physics ideas. Once these concepts are understood, they can be used to understand the behavior of many devices encountered in everyday life. The sixth edition uses the power of WileyPLUS Learning Space

with Orion to give students the opportunity to actively practice the physics concepts presented in this edition. This text is an unbound, three hole punched version. Access to WileyPLUS sold separately.

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

The so-called Counter- or Catholic Reformation has traditionally been viewed as a monolith, but these essays decisively challenge this interpretation, emphasizing the variety, vitality, and complexity of Catholicism in the early modern era.
