Recounts the life of the Russian ballet dancer from his ascent to fame to his leap to madness, and looks at his relationship with his sister, Bronislava Nijinska, herself a notable dancer and choreographer

"In an intense tale of psychological suspense, a San Francisco psychiatrist becomes sexually involved with a female patient who suffers from multiple personality disorder, and whose pathological ex-husband is an Oakland homicide detective--from a Los Angeles Times Book Prize-winning author. Dr. Eldon Chance is a brilliant, lonely, forensic neuropsychologist with a long track record of getting involved with damaged, complicated women. While apartment hunting after separating from his wife, a series of bad decisions leads to Chance sleeping with a patient named Jaclyn Blackstone. Unfortunately her ex-husband is an Oakland homicide detective and the jealous type. Meanwhile, Dr. Chance meets a young man who goes by "D"; Chance believes he is a war-veteran, but he is in fact a deranged loner and self-styled Samurai skilled in the art of the blade. D is fascinated by Chance's tales of his tormented and increasingly dangerous affair with Jaclyn and advises him that her ex-husband will find a way to destroy Chance. As Detective Blackstone does indeed threaten the doctor, Chance and D plan a counter-strike. Meanwhile Chance continues his steamy affair with Jaclyn Blackstone (or is it one of her multiple personalities?) But the sexually voracious "Jackie Black" has a story that is far more complex and darker than he could have ever imagined ... Gritty, twisted, and impossible to put down, the surprises keep coming in Chance until the final page has been turned"--

This wide-ranging collection of essays offers valuable insights into the cultural issues involved in the practical application of social work theories. Leading contributors explore the challenges faced by indigenous populations and ethnic minority groups, examining how they can gain control over their position as minority populations, and offering valuable guidance on cross-cultural work. The direct implementation of four established theoretical approaches - ecological systems, community development, strengths-based approaches and attachment theories - is shown in a variety of contexts, including mental health care, trauma counselling and child protection. Using community development work in Australia and New Zealand as a case study, the contributors also advocate using these approaches in work with migrants and refugees. *Social Work Theories in Action* recognizes the importance of drawing on the strengths of families, individuals and communities and offers theoretical perspectives that can be applied in everyday work situations. It is essential reading for social and community workers, mental health professionals and social work students.

The career of Vaslav Nijinsky, genius of the dance, is endlessly fascinating. Anatole Bourman entered the Russian Imperial Ballet School at the same time as Nijinsky and became one of his closest friends, and for many years followed his development and career, first as a member of the Imperial Ballet, and later as star of Diaghilev's Ballets Russes. He tells the part of Nijinsky's story which other biographers have left untold - his youthful ambitions and defeats, his brilliant rise to fame, his exploits with other students, the almost incredible ill fortune which followed him from the first. The author gives his interpretation of Nijinsky's later career, which differs from the stories others have told. Anatole Bourman was born in St. Petersburg. After graduating from the Imperial Ballet School he was for four years a member of the Imperial Ballet, and subsequently for ten years a member of Diaghilev's Ballets Russes.

The "End of America?" Most likely. The "Demise of liberty?" You betcha! The "Destruction of Western Civilization?" Of course! But why let all of the above get you down? Learn to "Enjoy the Decline!" "Enjoy the Decline" is mandatory reading for all conservatives, libertarians, Americans, and lovers of freedom who are mourning the slow, but sure death of their culture and their country. America is over. Freedom will be curtailed. Liberty is dead. And above all else, it is inevitable. But the answer is not to get depressed and give up hope. The answer is to change your attitude and learn how to "Enjoy the Decline." You get one life on this planet and Aaron Clarey explains how to get the most out of it even though socialism and tyranny are all around you. From learning how to adapt your psychology to learning to let go and take advantage of the socialist system, "Enjoy the Decline" carries the freedom loving American through the 5 stages of grief and puts them on a path to enjoy their life regardless of what is happening to their beloved America. Dark, macabre, and morose, but truthful, helpful, and practical all the same, it is guaranteed to make you happier than your socialist counterparts even though they have everything they want. Make leftists, liberals, and progressives miserable. Enjoy the Decline!

Princess Sophia of Anhalt-Zerbst became Empress Catherine II of Russia, an indomitable, feisty ruler who was very complex and became an infamous historical figure.
