Volume 4 Book by Bruce  
Levine....[et al.] published  
in 1981.

This third edition of the widely acclaimed classic has been thoroughly expanded and updated to reflect current demographic, economic, and political realities. Drawing on recent census data and other primary sources, Portes and Rumbaut have infused the entire text with new information and added a vivid array of new vignettes and illustrations.

Recognized for its superb portrayal of immigration and immigrant lives in the United States, this book probes the dynamics of

immigrant politics, examining questions of identity and loyalty among newcomers, and explores the psychological consequences of varying modes of migration and acculturation. The authors look at patterns of settlement in urban America, discuss the problems of English-language acquisition and bilingual education, explain how immigrants incorporate themselves into the American economy, and examine the trajectories of their children from adolescence to early adulthood. With a vital new chapter on religion—and fresh analyses of topics ranging from

election in our history.

Who Built America? explores fundamental conflicts in United States history by placing working peoples' struggle for social and economic justice at center stage. Unique among U.S. history survey textbooks for its clear point of view, Who Built America is a joint effort of Bedford/St. Martin's and the American Social History Project, based at the Graduate Center of the City University of New York and renowned for its print, visual, and multimedia productions such as the "History Matters" Web site. With vivid prose,
