United States coins. Colliette has written a guide to the red book, providing behind-the-scenes stories, legends, and lore of more than 60 years of American numismatics.

From creative minds worldwide have come fantasy coin issues never listed in any other comprehensive reference. Unusual Coins includes thousands of issues spawned from the non-circulating legal tender boom, but not fitting into the realm of legitimate coinage. Here you'll find coins used by the inhabitants of Middle Earth in The Lord of the Rings. These are real coins, created by Tom Maringer of Scottsdale, Ark., based on reference to coins in the trilogy. Unusual World Coins features:

- Expanded Page Count: to accommodate over 7,000 photos
- Clear images of coins
- Detailed descriptive listings
- Over 12,000 accurate market values

This is a guide for people who buy and sell silver coins—on eBay, on other Internet websites, at coin shows or coin stores, or elsewhere. It is intended for those who buy or sell coins based on their investment value, rather than their design or scarcity. This book displays the bullion value of silver coins for every world nation and year of origin between 1800 and 2000. An alphabetical listings of countries and denominations (and sometimes a simple addition), shows the base value of any common silver coin. This is vital information, because many current coin guides have not recalculated bullion values, and continue to estimate coin value based on silver prices from a time when it was worth only a fraction of today's value.

Warman's® World Coins Field Guide At last, a guide you can really carry along to coin shops and shows, containing hundreds of color photographs to make on-the-spot appraisals easy. "With tens of thousands of individual coin listings, more than 6,500 coin images and updated coin values for the United States, Canada and Mexico, 2019 North American Coins & Prices is the ultimate single-source reference for coin coverage of North America"--Back cover.

Interest in coin collecting and paper money is at an all-time high, thanks in part to the new designs of modern U.S. coins and currency, the increasing market value of precious metals, and the great investment coin collecting has been in recent years. Recent reports estimate that there are over 1 million serious coin collectors in the U.S. And the U.S. Mint estimates that nearly 150 million people have collected the 50 State Quarters. The bestselling Warman's Coins & Paper Money, now in its 5th edition, is the most comprehensive, colorful, informative, and thorough identification and price guide of its kind. It covers everything from the evolution of U.S. coins and currency to the latest in minted coinage. Big, bold and informative, this invaluable tool is a must-have for collectors of all levels, whether they are children or adults, novice or experienced veterans. But this book doesn't stop at U.S. coins and currency. It also features a panoramic and full-color view of coins and currency from Canada, Mexico, and Europe. About the Author A veteran
